

## KLAN IS BITTERLY DENOUNCED HERE BY VETERANS CAMP

OLD SOLDIERS OF CAMERON  
CALL ON CITIZENS "TO STRIKE  
DOWN ENEMY OF POPU-  
LAR GOVERNMENT."

Denouncing the modern Ku Klux Klan as an enemy of popular government and a menace to American institutions, Confederate Veterans of Cameron, members of Ben McCullough Camp No. 29, adopted a resolution at a meeting held Saturday.

The resolution published in the state papers bitterly resents the attempt of the new Klan to link itself up with the old Klan of reconstruction days.

The resolution follows:  
"Whereas, More than 50 years ago there was born of necessity in Tennessee an organization sponsored by that intrepid soldier, General Nathan B. Forrest, known as the Ku Klux Klan. Just after the civil war, conditions in the Southern states had become unbearable on account of carpet bag rule and negro rule. The object of this organization was to restore white supremacy and constitutional government.  
"There are but few of us living now who remember the trying ordeal of the Southern people at this period. How well that organization succeeded is best shown by the election of Coke as governor of Texas and a return to white supremacy and the disbanding of the original Klan, but recently there has come into our midst another organization whose members have had the brazen effrontery to assume the same name that has for its object altogether different aims and for which we see no necessity. They make the boast of being organized by 100 per cent Americans, yet they strike down some of the very things declared to be the right of an American citizen in the Bill of Rights: 'To worship God according to the dictates of his conscience,' and 'the right of trial by jury.' Their stock in trade peddled by the hired klagies is an appeal only to the ignorant, based on racial prejudices and religious hatred. And we here now denounce this organization as a menace to American institutions and civilized government and we appeal to the sons and grandsons of Confederate veterans and to every patriotic white American citizen who loves this country and our flag, without regard to his place of birth or his religious creed, to join us in striking down this enemy, as we regard it, of popular government."

## PRODUCE HOUSE WILL SOON OPEN FOR BUSINESS HERE

MILAM COUNTY PRODUCE COM-  
PANY COMPLETING MODERN  
PLANT ON SANTA FE.

The Milam County Produce Company, Cameron's newest wholesale sale business, will be in operation within a few days.

Willard B. Skelton, young Cameron business man and secretary of the Chamber of Commerce will manage the business, being a subscriber to its capital stock.

The Milam County Produce Company will purchase and ship in car quantities chickens, eggs and turkeys. The company is completing a modern packing plant on the Santa Fe railroad and its receiving capacity will be the largest of any produce house in this section.

Country produce annually marketed in Cameron will aggregate about \$250,000. By the establishment of produce houses, the marketing of poultry and eggs has been increased in Cameron.

The facilities afforded by the Milam County Produce Company will do much to encourage the marketing of produce because of the ready market it will afford the year round for the products of the farmer. Daily prices paid for poultry will be the highest afforded by the markets of the cities so that ready disposition can be made of all produce at money making prices to the farmers.

W. B. Skelton for a number of years prominently identified with the business life of Cameron, is well known, and will make of the new produce house an influential business enterprise.

### REV. IRA F. KEY BACK

FROM CALDWELL MEETING  
Rev. Ira F. Key, pastor of the Methodist church in Cameron, has returned from a meeting in Caldwell and will preach at both the morning and evening hours in the church Sunday.

## 50 BARRELS PUMPED FROM OIL WELL IN MINERVA FIELD

NEIHOUS WELL MAY BRING BIG  
DEVELOPMENTS IN THE  
LOCAL FIELD

By E. E. SULLIVAN

Developments of a far reaching importance is likely to accrue in the new shallow pool at Minerva, seven miles south of Cameron, as the result of the excellent showing of the Texas Plains Syndicate No. 1, Neihaus well which came in last July with an estimated production of 15 barrels at 658 feet. The well was first tested out shortly after it came and averaged 23 barrels per day for 10 days.

The operators were jubilant over the showing of this well at the time and a great many leases changed hands as a result of the test. The well has been allowed to stand for some time and a heavy head of gas accumulated below the strainer causing the well to flow of its own accord, which is considered phenomenal for a shallow well.

The well was placed on the pump last week and after the head of gas was off it was pumped for 6 continuous hours filling 50 barrels of storage and averaged 8 1-3 barrels per hour. The well is now conservatively estimated to be able to produce at the rate of 5 barrels per hour on a steady pump and is good for at least 120 barrels per day of the highest grade oil in the state. The other two producing wells of the Oklahoma Bel. Oil Co., the Robert Issacs No. 1, and the offset of the Ben McClellan No. 1, are estimated to be able to produce at least 40 barrels per day making the total daily production of the field 170 barrels per day. This production warrants a pipe line and which will probably be laid very soon to the new field. Oil has taken a 50 cent raise in the past week which will act as a stimulus for a drilling campaign in an effort to raise the production in the Minerva field.

Several good deals were closed the past week and all to good substantial operators from the Oklahoma fields. There are geologists in the field now mapping out a structure as it is believed a structure exists here for deep oil similar to the Mexia field to the north. The showing of the Jones Prairie field 11 miles north of the Minerva field for oil in the Woodbine sand at 3225 feet and the Bremond ranch well near Thorndale is practically the same status, is causing the operators and nearly all of the oil men in the North Texas fields to keep in close touch with these two tests as it believed that both wells will be drilled in as gushers and will produce as large as the well at Wortham, Texas, north of Mexia.

Several large blocks of acreage are being leased and everything in the way of acreage is eagerly sought.

With a good shallow field already proved and the possibility of gusher oil territory being opened up the Minerva field looks better now than at any time in the past few months.

There are no new wells started in the field, the operators contenting themselves in waiting to see what the outside tests will do. The most important well in the field just now is the Bell and Haines well on the Batte farm which is drilling around 700 feet. It is thought that this well is nearing the pay and will be one of the best producers in the field. The formation is the same as the Neihaus well and has never been broken yet, showing the same indications as the big pump.

The drillers are going slow feeling their way along. This well will open up considerable territory being 3 1-2 miles from production and 2 1-2 miles south of Cameron.

There are ten drilling wells in the field most of them nearing the pay and some of them are due in this week.

Oil men are coming into the fields daily and it is reported that a special train of oil operators are enroute from Tulsa, Oklahoma to the new shallow pool at Minerva. The oil situation is looking brighter and nearly all of the oil men in the field are wearing smiles.

Cameron is taking on the appearance of a real oil town and the corner at the Auditorium Hotel is a busy spot where deals are transacted around the writing tables every day. Oil will yet bring millions to Cameron.

### GROESBECK PASTOR HAS NOT ACCEPTED CALL HERE

In a letter addressed to the church at Cameron Rev. Russell White, pastor of the Baptist church in Groesbeck says that a definite answer regarding the call made to him by the church here will be given on Oct. 12th.

The letter was read before the church at the 11 o'clock hour Sunday. The call was extended to Rev. White Sunday, Sept. 25th. The Cameron church has been without a pastor since the resignation of Rev. S. B. Culpepper last June.

Fresh shipment dried fruit, Middleton & Thomas.

## KLAN BATTLE VICTIM DEAD

Louis Crow, of Waco, stabbed with a knife in Lorena on last Saturday night during a battle between Klan paraders and Sheriff Bob Buchanan and deputies, died at 9:30 o'clock Wednesday. Crow is the first victim of the Lorena tragedy.

Sheriff Buchanan is said to be in a serious condition as the result of a bullet wound in his right lung.

Crow is 58 years old. With his family he had gone to Lorena to witness the parade. In trying to prevent trouble he was stabbed with a knife. Crow in a statement made just before his death is said to have given the name of his murderer.

The grand jury has been asked to make a thorough probe of the tragedy.

## PROCLAMATION WILL PREVENT PARADE OF KLAN IN CAMERON

MAYOR HEARRELL TAKES ACTION TO PREVENT RIOTING AND LOSS OF LIFE.

Mayor U. S. Hearrell in a proclamation issued Monday prohibits the parading in Cameron of the Ku Klux Klan or other masked bands as a precaution against rioting and perhaps loss of life.

The tragedy in Lorena on last Saturday night has made local officers more determined that no Klan demonstration shall be held in Cameron. Mayor Hearrell and others in authority are seeking to uphold the law and to prevent rioting and bloodshed, taking the position that any demonstration will incite trouble.

In his proclamation Mayor Hearrell calls for the co-operation of all law abiding citizens to aid the law in preventing trouble. The proclamation gives authority to the city marshal to command the aid of as many citizens as he deems necessary in suppressing any demonstration.

Mayor Hearrell in answer to ques-

tions has requested The Herald to say that his proclamation does not authorize the promiscuous arming of men, but contemplates that this matter shall be left to the city marshal as the constituted authority in charge of the police powers.

The proclamation follows:  
Whereas there are Ku Klux bands or organizations in surrounding cities and towns and on good and reliable information, there now exists such an organization in the city of Cameron.

And whereas it is apparent that the Ku Klux order has capitalized race, hatred and religious intolerance as its creed and it is the practice of the Klans in surrounding cities to hood and disguise themselves and at night time with or without fire arms march through the streets threatening punishments and vengeance on certain citizens.

Whereas such Klans disregarding the "Bill of Rights," constitution and the laws of this state in usurping the functions and powers of the courts and the duly constituted authorities of the state, county and city, and

Whereas, certain citizens of this city have received threats, warnings or commands signed "K K K" and should there be an attempt on the part of any Klan of Ku Klux to march through the streets of this city there would ensue a riot that would in all reasonable probability result in much blood shed and a loss of human lives.

Now therefore, I, U. S. Hearrell, mayor of the city of Cameron, Texas,

(Continued on Page Four.)

## CHANGE IN CHARTER OF CITY NECESSARY FOR BOND ISSUE

CITY FACES PROSPECT OF WAIT-  
ING UNTIL 1923 FOR A CLEAN  
DRINK OF WATER.

The City of Cameron may have to wait until 1923 for a clean drink of water.

Under the present charter sufficient bonds to establish a system of water works adequate for the city of Cameron cannot be voted.

Changes in city charters require action of the legislature and unless a special session is called the legislature will not convene in regular session until January, 1923.

The city council recently voted to spend \$318 for a survey of the city by the Engineering Service Corporation of Dallas with the view of putting in its own system of water and lights.

Whether the city council had in mind plans to change the city charter is not expressed, but it is evident that some action along this line was contemplated or the sum of \$318 would not have been spent for a survey three years in advance of an opportunity to improve.

"Whereas the City of Cameron and the Cameron Water, Power & Light Company on the 6th day of October, 1911, entered into an annual contract, amending the original contract of date August 6, 1900, whereby in said amended contract the city of Cameron agreed to fix rates for use and consumption of water for its needs and its citizens for a period of 20 years and also for an extension of its franchise for a period of 50 years, and in consideration for such fixed rates and extension of the franchise, the Cameron Water, Power & Light Company, agreed among other things to furnish to said city a sufficient supply of clear, fresh and potable water for all the purposes and needs of the city and its inhabitants, and

"Whereas, the city has diligently and faithfully carried out and performed all conditions and provisions in the original and amended contract and the Cameron Water, Power & Light Company, has failed and refused to furnish a supply of clear, fresh and potable water to said city and its inhabitants for many past months as well as now, and that the water so furnished by it to the city and its inhabitants, is contaminated, impure and unclean.

"Wherefore, be it resolved by the city council in regular session assembled that this council refuse to pay to the Cameron Water, Power & Light Company the sum of \$218 per month, due or to come due, or any part thereof until it shall have carried out and performed its part of the contract to furnish a sufficient supply of clear, fresh, potable, pure, clean and uncontaminated water."

The chlorinator was sent away for repairs, so says the water company, in July. Nothing was said to the city health officer.

Recently the city council issued a notice that the citizens should boil all water before drinking for 30 days. Are the people to infer from this that at the expiration of 30 days the river will have reasonably thrown off all

stall a system of public utilities. Some confusion has accrued over the agitation for a commission form of government. Many are in error regarding this matter thinking that the city has only to adopt the commission form to remedy all of its ills and get good water. This is not the case. A commission form of government will change only the method of conducting the city's business. The charter must be changed in order to permit a bond issue of sufficient size to put in public utilities.

It is believed that with a few exceptions no one will oppose the commission form.

However, the city has a nice sized problem to nurse until 1923.

On the condition that the Cameron Water, Power & Light Company would install a system of sanitary treatment for the public water supply payments by the city were resumed following their suspension by order of the council in passing a resolution by Alderman George Graves in June 1920.

Now and for many months past no treatment has been given the water. This condition, however, was not known to the city health officer, until the flood on September 10. This condition is now known to the city health officer and the city council and it is believed that a system of purification will be insisted on immediately in the interest of the public health.

The resolution passed by the council cutting off the pay of the water company is as follows:

(San Antonio Express)

All Texas buzzed yesterday with talk of the anti-Ku Klux Klan charge to the Grayson county grand jury delivered Monday at Sherman by District Judge Elias Hare, who was one of seven district judges giving similar charges to their grand juries. Judge Hare has long been considered one of the eminent attorneys of the state.

His father was prominent. For years Elias Hare Sr., represented the old Fifth district of Texas in the Congress of the United States. It was Elias Hare, Sr., who was defeated for the nomination of the democratic party the first time Joseph Weldon Bailey entered public life. It is said of the senior Hare that he accepted his defeat with far more than the usual philosophy visible on such occasions. He and Mr. Bailey were not friendly during the campaign, but the animosity of that strife wore away and before his death he and Bailey became cordial.

The elder Hare had two sons, one of them the jurist whose name was pronounced again and again throughout the country Tuesday, and the other, Gen. Luther R. Hare, United States army, retired. The latter made his name historic during the Spanish-American war, and in the Philippines after the struggle with Spain was concluded. He commanded the Third Infantry overseas and many Filipinos remember him with an awe second only to that they feel for Frederick Funston. Gen. Hare is living in Washington.

In connection with Judge Hare's (Continued on Page Four.)

## TAXABLE VALUES IN MILAM COUNTY TOTAL \$18,874,000

1921 TAX ROLLS COMPLETED  
BY TAX ASSESSOR LEILA  
M. WOOLLEY.

Taxable values of property in Milam county, total \$18,874,000 according to the 1921 tax rolls completed by Leila M. Woolley tax assessor and approved by the commissioners court at a special session Monday, Oct. 3.

The county tax rate is fixed at 57c on the one hundred dollar valuation, a reduction of 6 cents from the tax rate of 1920. The state rate has been fixed at 62 cents, making the total tax of county and state \$1.19.

One of the interesting facts about the listed valuations is that there is more than 5 times as great an assessment on horses and mules than cattle in the county. Horses and mules are valued at more than a million dollars. No valuation on farm tractors is shown.

Dogs are assessed at \$350.00. Only \$368,070 in money and notes is rendered for taxation. Vehicles are totaled at nearly \$800,000 or more than \$50,000 more than all stocks and merchandise in the county.

Railroad properties in the county are assessed at \$1,126,545. State and National bank stocks are listed at \$483,470.

Pipe lines show a total assessed valuation of \$16,780, while the entire valuation of telegraph and telephone lines is only \$56,530.

Following are the totals:

Total land values.....	\$11,000,914
Total city or town values.....	2,420,904
Horses and Mules, etc.....	1,013,000
Total cattle etc.....	201,250
Total jacks and jennetts.....	1,325
Total hieep.....	4,500
Total Goats.....	500
Total Dogs.....	350
Total Vehicles.....	790,500
Total Hogs.....	34,300
Goods and merchandise.....	720,300
Steam engines and boilers.....	147,681
Amount of money on deposit and notes.....	368,070
Total Miscellaneous.....	67,116
State and Nat'l bank stock.....	483,470
Total railroads.....	1,126,545
Total rolling stock.....	204,703
Total intangibles.....	215,342
Total pipe lines.....	16,780
Telegraph and telephones.....	56,530

Total.....\$18,874,080

Poll tax assessed for both state and county \$16,194.

Total amount assessed for special schools, \$50,261.03.

Total amount assessed for roads, levying special tax \$110,987.55.

A copy of the tax rolls has been filed with W. A. Bonds, tax collector, one with W. T. Yates, county clerk, and one with the comptroller's department at Austin, as is required by law.

## HARE'S CHARGE ON KLAN RECALLS MASONIC WARNING

GRAND MASTER A. L. RANDELL  
THREATENED WITHDRAWAL  
OF ALL CHARTERS.

(San Antonio Express)

All Texas buzzed yesterday with talk of the anti-Ku Klux Klan charge to the Grayson county grand jury delivered Monday at Sherman by District Judge Elias Hare, who was one of seven district judges giving similar charges to their grand juries. Judge Hare has long been considered one of the eminent attorneys of the state.

His father was prominent. For years Elias Hare Sr., represented the old Fifth district of Texas in the Congress of the United States. It was Elias Hare, Sr., who was defeated for the nomination of the democratic party the first time Joseph Weldon Bailey entered public life. It is said of the senior Hare that he accepted his defeat with far more than the usual philosophy visible on such occasions. He and Mr. Bailey were not friendly during the campaign, but the animosity of that strife wore away and before his death he and Bailey became cordial.

The elder Hare had two sons, one of them the jurist whose name was pronounced again and again throughout the country Tuesday, and the other, Gen. Luther R. Hare, United States army, retired. The latter made his name historic during the Spanish-American war, and in the Philippines after the struggle with Spain was concluded. He commanded the Third Infantry overseas and many Filipinos remember him with an awe second only to that they feel for Frederick Funston. Gen. Hare is living in Washington.

## ROBERT MCLANE IS AGAIN ELECTED TO CLUB PRESIDENCY

W. W. CHAMBERS CHOSEN VICE  
PRESIDENT — DIRECTORS  
NAMED FOR NEW TERM

Robert McLane, business man and president of the Cameron Commercial Club since its organization, was again elected to succeed himself as president of the club Friday night. Mr. McLane requested that he be not elected to serve again but was elected by acclamation and will serve.

W. W. Chambers was re-elected to succeed himself as vice president.

Roll call showed the following present:  
Officers: Robt. McLane, president, W. W. Chambers, vice president, L. T. Lewis, treasurer, W. B. Skelton secretary.

Directors: J. T. Farma, J. W. Cole, J. D. Dobbins, Jno. E. Mangum, J. B. White, F. S. Lezovsky, W. G. Gillis.

Committee chairman: T. F. Hardy, H. C. Keith, R. H. McIntosh, Geo. T. Graves, J. R. Hays, T. S. Henderson.

Minutes of last meeting were read and upon motion adopted.  
Semi-annual reports were read from the treasurer, secretary, the chairman of the Good roads, finance and civic improvements committees. Upon motion from W. W. Chambers, duly seconded the reports were adopted by the club and ordered filed. The reports follow as exhibit "A" of the minutes and are made a part thereof.

On motion from W. W. Chambers, seconded by T. F. Hardy, the regular order of business was suspended and the semi-annual election of officers was held. Mr. McLane asked the club to elect a new president as he had served since the organization of the club. Mr. Chambers insisted that Mr. McLane accept the office for one more term and upon calling for a rising vote the latter was unanimously re-elected.

Geo. T. Graves placed in nomination Mr. W. W. Chambers for vice president and he was elected by acclamation.

W. W. Chambers nominated E. F. Bonds for treasurer and he was elected by acclamation.

W. W. Chambers made a stirring talk on "the importance of regular attendance," insisting that anyone who could not or would not attend the meetings regularly should not allow their names to be placed in nomination for directors of the club.

About thirty-five men were nominated and after the customary ballot the following were declared elected as directors to serve for the next six months:

H. M. Hefley, Jno. E. Mangum, J. W. Coleman, Geo. T. Graves, J. B. White, W. G. Gillis, R. H. McIntosh, S. A. Cottle, W. O. Triggs, Giles L. Avriett, O. M. Smith, Dr. Jas. Watson.

While the ballots were being counted T. S. Henderson, Sr., spoke on "future work for the Commercial Club," painting a bright picture of the future of the club and of the community in general.

T. S. Henderson, Jr., in a short talk on "The Housing Problem" called attention to the mass meeting to be held on Friday night, Oct. 7th, for the purpose of perfecting the organization of a local building and loan association and insisted that the meeting be given wide publicity.

EXPECT 250 PAGES

FOR K. OF P. INITIATION

Rathbone Bible Class in Bryan Oct-

ober 12th.—Five Will Go

From Cameron.

More than 250 pages to be initiated

by the Knights of Pythias are expected

to be on hand for the Rathbone

Bible class in Bryan Oct. 12.

Fred Henry, Keeper of Records and

Seal, for Milam Lodge No. 125, an-

nounces that Supreme Keeper of

Record and Seal, Wheaton of Minne-

apolis, Minn., will be in Bryan with

the famous Rathbone Bible used by

the founder of the order in the initiation

of the first members of the Knights

of Pythias in 1866.

Mr. Henry says that five pages

will go from Cameron to the ceremony

at Bryan. A large number of

local members including District De-

puty Grand Chancellor W. O. Triggs

will attend the meeting.

RHODE ISLAND REDS FROM

CAMERON TAKE PRIZES

George Mode, owner of famous

Rhode Island Red chickens, has just

captured a long list of prizes at the

Bell county fair. The total winnings

were \$22.50. Follows is the list of

prizes won by Mr. Mode:

First pen single comb Rhode Island

Red.

First parti colored pen.

First parti colored cockerel.

Second best hen.

Second best pullet.

Third best pen.

Third best pullet.

## NINE SHOT AT KLAN PARADE IN LORENA

### SHERIFF BUCHANAN WOUNDED IN STREETS OF LORENA TRYING TO STOP PARADE

Nine men were wounded in the battle between a sheriff's posse and the Ku Klux Klan at Lorena Saturday night.

The parade, which was scheduled to take place at 8:30 was delayed for an hour, while several thousand people packed the streets.

There Sheriff Bob Buchanan stepped into the street, trying to wrest the American flag from the first white and figure's head.

A battle followed.

M. Burton, Lewis Crow, Carl West, Will Lawson and Sheriff Buchanan were wounded.

Buchanan was shot twice, once in the neck and once in the body.

Crow was badly cut up. The injuries of the others have not yet been ascertained.

"Just tell them that the white caps shot me," Sheriff Bob Buchanan said to the representative of a local paper while sitting on the edge of a cot at a local hospital waiting to have his wounds dressed.

"I begged and pleaded with them to halt the parade," he said.

"Did you recognize any of them?"

"Yes, that Crow boy, well, hardly anybody but that big redheaded Crow boy," he said.

Sheriff Buchanan's wounds appeared to consist of a ball which penetrated under the right armpit and grazed under across the right thigh.

In answer to a question from Jailer Chapline as to whether he had spit any blood, he replied in a firm negative.

"Did the klansmen charge you?" Sheriff Buchanan was asked.

Sheriff Buchanan looked confused. It started," he said vaguely. "I begged and pled," he said. It was plain he was too weak from excitement or loss of blood to continue.

The parade was announced by notices posted the night before on buildings and telegraph poles.

First intimation of the Klan's strength in Waco became known July 8, when a party of men tarred K. Cummings July 8, after having sent him warnings which he failed to heed. Three of the party were arrested and bound over to the grand jury, but were "not billed." Nearly a hundred prominent citizens went on their bonds when they were arrested after Cummings had been tarred.

"Readers" have been appearing in the two local papers for several days saying "K. K. K. is coming."

A tip to a local paper early Saturday night told of the sheriff's plans to for 8:30, but did not actually start until an hour later.

Nine men are known to be suffering from bullet and knife wounds and others were probably hurt when the sheriff's posse attempted to stop the parade.

Those who are known to have been hurt are:

Sheriff Bob Buchanan of McLennan county, bullet wounds in the right side and above the right knee.

Louis Crow, Waco, proprietor of a local laundry, knife wound in the right side.

Carl West, Lorena, bullet wound in the neck.

Will Lawson, Lorena, knife wounds.

Ed Johnson, Waco, knife wound.

Julien Minier, Waco, knife wound.

Will Austin, Lorena, knife wound.

Charlie Westbrook, Lorena, knife wound.

L. S. Dumas, Waco, bullet wound.

**SHERIFF WARNS MARCHERS.**

Waco, Texas, Oct. 1.—Sheriff Bob Buchanan and Louis Crow of Waco, Carl West of Lorena and a man who has not yet been identified were seriously wounded tonight at Lorena. 13 miles south of Waco while a Ku Klux Klan parade was in progress. Buchanan is wounded in the right arm and Crow is shot in the right breast. West is shot in the neck.

The shooting began after about 15 of the klansmen had passed by on the main street. Sheriff Buchanan, with I. Mack Wood and M. Burton reached Lorena early this evening, it having been announced that the parade would begin at 8:30. The sheriff, soon after arriving at Lorena, notified those who seemed to have charge of arrangements for the parade that the procession could not take place.

It was thought at first that the parade would be called off and the shooting did not begin until an hour and a half after the time announced.

About fifty white robed figures

had passed down the main street, then some one began shooting, followed by a fusillade of shots. When the smoke cleared away, four men, Sheriff Buchanan, Crow, West and the unidentified stranger were found to be wounded.

Ambulances were sent from Waco to Lorena and the wounded were brought to hospitals here.

### BIDS OPENED AND CONTRACT LET FOR SCHOOL BUILDING

New Building to Cost \$66,477.00 Including Heating, Lighting and Plumbing Systems.

At a joint session of the City Council and School Board held Tuesday afternoon, attended by Architect C. H. Page of Austin, and a score or more of interested bidders and contractors, bids were opened and considered on the erection of Rockdale's new High school building, as to the colored school building in contemplation.

Wattinger Bros., of Austin, were the lowest bidders on general contract for the High School building, and were awarded the contract at \$57,000.

This contract covers everything except heating, plumbing and electrical wiring, which contracts were let separately to lowest bidders, as follows:

Electric wiring to John L. Martin, of Austin, at \$896.00. Heating to Tension Bros., of Dallas, at \$4,888.00. Plumbing to John L. Martin, of Austin at \$3,683.00.

These contracts were all accepted and were accompanied by certified checks for the usual percentage of the contract, pending satisfactory bond for fulfillment of same. The contracts as let total \$66,477.00, and cover the High School building complete with the exception of desks and similar furniture. The building will be of brick and hollow tile construction, three shades of gray brick to be intermingled with a darker base and trim. Brick selected were the Elgin-Butler Company's of Austin.

Bids were also opened on the negro school building, but all bids were rejected on this work, being considered too high, and entirely out of proportion.

The lowest bid was \$10,252, and Mr. Page, the architect, advised rejection, as he feels sure this building can be erected for a much less price. The Board will take this matter up later and expects to have this building erected and ready for use at or about the same time the High School building will be ready.

Wattinger Bros., who will erect the new High school building is a strong firm of Austin contractors, being the same firm that erected the new Cameron High School building last year. The firm of C. H. Page & Bro., architects, will supervise the work throughout.—Rockdale Reporter.

### COMMISSIONERS COURT.

County commissioners court convened Monday, Oct. 3rd in special session, with all members present and Judge W. G. Gillis presiding.

The following business was disposed of:

The bond of Fount White as constable of precinct No. 3, Milam county, Texas, is hereby approved as of date, Sept. 24th, 1921, with Fount White as principal and W. G. Fowler and H. M. Walker as sureties.

A petition from Precinct No. 7, asking that J. W. McAtee be appointed as constable of beat 7, which place had been made vacant by the death of Mit Henson. The court ordered that J. W. McAtee be appointed to fill the unexpired term of Mit Henson, deceased.

County Auditor Giles L. Avriett, was authorized to purchase a pile driver hammer weighing 1000 pounds, same to be delivered to Commissioner H. H. Moore of Thorndale.

Robert Young was allowed the sum of \$95.00 for land sold to county for road purposes near Minerva.

Mrs. Delia Barker was allowed \$15 for land sold to county for road purposes near Davilla.

### Football Schedule.

Cameron vs Belton, at Midway, Oct. 7th.

Cameron vs. Taylor, at Cameron, Oct. 14.

Cameron vs. Hearne, at Cameron, Oct. 21.

Cameron vs. Temple at Cameron, Oct. 28.

Cameron vs. Rockdale, at Cameron, November 11.

Cameron vs. Bartlett, at Cameron, Nov. 18.

Mrs. Dick Clark and children of Waco are visiting in the home of Mr. Clark's parents, Mr. and Mrs. W. I. Clark.

Mrs. Mack Harvey and children

visited friends in Temple last Friday, returning Saturday.

Rub-My-Tism is a great pain killer. Relieves pain and soreness, rheumatism, neuralgia, sprains. adv 1m

Cameron, Texas.

By MRS. W. A. GILLON

### HISTORY CLUB.

The History club met with their president, Miss Winnie Henderson last Tuesday afternoon. This club has sixteen members.

At a business session the following officers were elected:

Mrs. Tom Denson, president.  
Mrs. S. A. Cottle, vice president.  
Mrs. Lloyd Mitchell, Secretary.  
Mrs. A. N. Green, treasurer.

Program committee was appointed with Mrs. T. S. Henderson as chairman and Mesdames W. O. Triggs, Ben Atkinson and Miss Amelia Williams. They will resume their old days 2nd and 4th Tuesdays as meeting days. Miss Henderson served delicious punch.

### U. D. C.

At a call meeting last Thursday afternoon of the Jeff Rogers Chapter of U. D. C. at the home of Mrs. Frank Lesovsky the following officers were elected:

Mrs. Jeff Kemp, president.  
Miss Mollie Moore, 1st vice president.  
Mrs. Leo Wilkerson, 2nd vice president.

Mrs. L. J. Hefley, 3rd vice president.  
Miss Ada Henderson, 4th vice president.

Mrs. W. A. Gillon, secretary.  
Mrs. Willie Davis, treasurer.  
Mrs. Frank Lesovsky, historian.  
Mrs. Walter Sharp, registrar.  
Mrs. T. S. Henderson, custodian of relics.

A report was given in which it showed seventy-one dollars dispersed during the year, fifty of which went to help build the cottage for tubercular patients at Kerrville.

The U. D. C. state convention meets at Paris 18 to 20 inclusive of October. Any member of the organization who can go as delegates is urged to do so. The first Tuesday of each month was selected as their meeting day. Mrs. Lesovsky served delicious lemonade and wafers.

### PRESBYTERIAN AUXILIARY

The executive committee of the Presbyterian auxiliary met at the church Monday afternoon with about eight present. Subject under discussion were a mission study class and rally day exercises to be held on the 3rd Monday.

### MRS. GEO. THOMAS ENTERTAINS

Mrs. Geo. Thomas, a bride of a year ago entertained quite handsomely at the home of her aunt Mrs. Geo. A. Thomas last Friday afternoon. The home was beautifully decorated with potted ferns in all the rooms interspersed with vases and baskets of queen's wreath and roses. Nine tables

were arranged with pink covers. The score cards were in blue. There were a number of interesting and exciting games played, and at the close handsome embroidered linens passed and assisted by Mesdames Thomas, Albert Triggs and Miss Clara Thomas, the hostess served delicious salad course consisting of chicken salad, banana sandwiches, olives, crackers and hot tea.

### AFTERNOON PARTY.

Last Saturday afternoon from 3 to 5 little Miss Sarah Elizabeth McCamey, daughter of Mr. and Mrs. James McCamey, entertained eight little girls at a party. They were entertained with all kinds of games. Mrs. DuBois assisted Mrs. McCamey in entertaining and serving delicious ice cream and cake and fancy candy. Favors were paper caps with prizes inside. The eight happy little girls were: Elizabeth Mangum, Henriem Hefley, Katherine Munroe, Katherine McCowan, Jane Tyson, Dorothy Joyns, Elinor Fogle and Floy Leonard.

### KILKANRE SIGMI PHI.

There was a merry get-together meeting of these maids and matrons last Thursday afternoon at the home of Miss Winnie Henderson.

The possibility of losing one of their most popular and best loved members, Miss Minnie Wolf for the winter and in her honor, they gathered together.

Two tables were arranged and a game of 42 played, after which delicious cream and cake was served.

### DINNER.

Mrs. J. C. Tucker complimented her father, Mr. T. F. Hardy, last Friday night with a 7 o'clock birthday dinner. Those seated around the handsome board with center piece of asparagus and magic lilies were: Judge John Watson, Dr. James Watson, Messrs. T. F. Hardy, S. F. Cross, George Graves and J. C. Tucker. The following delicious dinner was served: Tomato Bouillon, Wafers, Fried Chicken, rice, gravy, Pear salad, Creamed Sweet potatoes, English peas, jelly, Hot rolls, butter, hot chocolate, Orange ice, Angel food cake.

### FORTY-TWO PARTY.

Mrs. Hilry Steadman was charming hostess to a large crowd of friends at a 42 party at the home of Mrs. John House Wednesday afternoon. The reception suite was resplendent decorated in queens wreath and pink roses. Nine tables were arranged and after the dainty score cards were passed, thirty-six ladies started the

favorite Texas game. Ten games were played and Mrs. R. D. Brown, Misses Aetna Smith, Ruth Henderson and Hyde cut for high score, each having won seven games. Mrs. Brown drew high and was given a beautiful hand painted blue card case.

Mrs. Preston Graves and Miss Mary Lake Henderson drew for low score and Miss Mary Lake carried off a pretty little needle box with a tumbler for its lid. Assisted by Mesdames Tom Moore, Frank Henderson, Misses Hyde and Morine House, Mrs. Steadman served a delicious combination course consisting of chicken salad, sandwiches, wafers, olives and lemon ice. Mrs. Steadman's hospitality was very much appreciated and enjoyed.

### CAMERON GIRL TO WED.

The following invitation will be of interest to many friends of Mrs. Minnie Stribling and her interesting family of girls lived among us for years. Miss Louise is the youngest daughter and was much loved by all who knew her. She is a niece of Mrs. W. A. Morrison and sister of Mesdames John Cammer and R. L. Batte, Jr.

Mrs. Minnie Stribling requests the honor of your presence at the marriage of her daughter Louise to

Mr. Carlos Appell Lastinger on Friday, the fourteenth of October nineteen hundred and twenty-one seven o'clock in the evening First Baptist Church Waco, Texas.

At home after October twenty-second 916 Columbus Avenue Waco, Texas.

### BAPTIST AUXILIARY.

Seventeen ladies met at the church Monday and held their annual election of officers which resulted as follows:

Mrs. J. L. Denson, president.  
Mrs. J. Paddick, 1st vice president.  
Mrs. W. H. Henley, 2nd vice president.

Mrs. T. H. Brewer, Secretary.  
Mrs. J. M. Ralston, treasurer.

After the business session Mrs. J. M. Ralston conducted an interesting lesson from their W. M. U. manual.

Mr. Ernest Knipp of Houston spent several days last week visiting his mother, Mrs. Levenson, who is quite sick.

### METHODIST MISSIONARY.

There were twelve ladies gathered at the home of Mrs. Roy Griffith and held their regular monthly business session. Mrs. Joe Lindsey, the president opened the meeting after which Mesdames R. A. Tag and R. L. Boykin gave splendid reports of the district conference which they attended as delegates last week.

### WESTMORELAND HALL.

Last Thursday afternoon Mr. Earl Westmoreland and Miss Pauline Hall of Memphis, Tenn., went quietly to the home of the Christian pastor, Rev. T. F. Weaver and were united in marriage. They were accompanied by Mr. and Mrs. Wylie Mangum and Ralph Chambers.

Mr. Westmoreland needs no introduction to Cameron people—is a

worthy young man, born and reared in Cameron and a mechanic high up in the scale of his profession.

Miss Hall is the niece of Dr. Mowdy, has been in the employ of Mrs. Mammie Arnold Hefley for some time, and has made her way right into the hearts of all who knew her. The happy couple went to Waco to spend a few days after which they will be at home in rooms at Dr. Mowdy's.

The Cameron Herald and hosts of other friends wish for them all joys and success.

### PUT CREAM IN NOSE AND STOP CATARRH

Tells How to Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache, no hawking, snuffling, mucous discharges or dryness, no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head, soothe and heal the swollen, inflamed mucous membrane, and relief come instantly.

It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.

### RESUMPTION OF ENLISTMENT IN THE NAVY.

The Navy Recruiting Station, Houston, Texas, has just been informed that first enlistments in the Navy has been resumed. All enlistments must be for 4 years. Only men who are exceptionally well qualified will be accepted. The weekly quota of the Houston station is very limited. Men who desire to enlist should apply immediately. First enlistment men will be transferred to the Naval Training Station, San Francisco, California.

All qualified ex-Navy men of practically all ratings are eligible for reenlistment regardless of length of time out of the Navy. All reenlistments must be for 4 years. Re-enlisted men are transferred to Charleston, S. C., for general detail.

H. E. PARSONS, Lt.-Cmdr., U. S. N., Recruiting Officer.

### STATE OF TEXAS, County of Milam.

Whereas, the undersigned R. L. Batte has applied to the Cameron Compress Co., who conduct a private warehouse, located at Cameron in the county of Milam and State of Texas, for the delivery of one bale of cotton, without the surrender of the original receipt issued for said cotton, said receipt being No. 163533 of the series of 1920, issued on the day of A. D. 1920 in the name of Batte & Alva for one (1) bale of cotton, weighing and a copy of said receipt is on file in the office of the Cameron Compress Co., and is here referred to and made a part of this obligation for descriptive purposes; and

Whereas the said R. L. Batte has represented and shown to the satisfaction of said Cameron Compress Co., that said original receipt is lost or destroyed;

Now therefore, we, the said R. L. Batte as principal and the other subscribers hereto as sureties, do acknowledge ourselves indebted to and held and firmly bound and obligated to pay to the said Cameron Compress Co., a private corporation, its successors or assigns, the sum of Fifty dollars, (\$50.00) at Cameron in Milam county, Texas, for the payment of which well and truly to be made we do jointly and severally bind ourselves, our legal representatives, successors and assigns firmly by these presents.

The condition of this obligation is such, however, that in the event no person should finally hold the original receipt heretofore described in good faith and for a valuable consideration, this obligation is to be null and void; otherwise to remain in full force and effect.

In testimony whereof, witness our hands this 18 day of June, A. D. 1921.

R. L. BATTE.

### To Stop a Cough Quick

take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues.

A box of GROVE'S O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup.

The healing effect of Hayes' Healing Honey inside the throat combined with the healing effect of Grove's O-Pen-Trade Salve through the pores of the skin soon stops a cough.

Both remedies are packed in one carton and the cost of the combined treatment is 35c.

Just ask your druggist for HAYES' HEALING HONEY.

To Cure a Cold in One Day  
Take LAXATIVE BROMO QUININE (Tablets) stops the Cough and Headache and works off Cold. E. W. GROVE'S signature on each box.

## For Torpid Liver

"Black-Draught is, in my opinion, the best liver medicine on the market," states Mrs. R. H. Whiteside, of Keota, Okla. She continues: "I had a pain in my chest after eating—tight, uncomfortable feeling—and this was very disagreeable and brought on headache. I was constipated and knew it was indigestion and inactive liver. I began the use of Black-Draught, night and morning, and it sure is splendid and certainly gives relief."

## Thedford's BLACK-DRAUGHT

For over seventy years this purely vegetable preparation has been found beneficial by thousands of persons suffering from effects of a torpid, or slow-acting liver. Indigestion, biliousness, colic, coated tongue, dizziness, constipation, bitter taste, sleeplessness, lack of energy, pain in back, puffiness under the eyes—any or all of these symptoms often indicate that there is something the matter with your liver. You can't be too careful about the medicine you take. Be sure that the name, "Thedford's Black-Draught," is on the package. At all druggists.

Accept Only the Genuine.

## THE AMERICAN CREED.

I believe in the United States of America as a government of the people by the people for the people—whose just powers are derived from the consent of the governed—a democracy in a republic—a sovereign nation of many sovereign states—a perfect union one and inseparable—established upon those principles of freedom, equality, justice and humanity for which American patriots sacrificed their lives and fortunes. I therefore believe it is my duty to my country to love it—to support its constitution—to obey its laws—to respect its flag—and to defend it against all enemies.

## UPHOLD THE LAW AND SAVE CIVILIZATION.

Civilization begins and ends with the law. The law is the structure around which have been made to endure all the virtues of a free government. The works of peace, slow wrought through the centuries, are no stronger than the weakest link of the law. Conditions may demand expediencies, but never a fracture or disregard for the law.

True at all times, but more expressly now, men should be careful to uphold the dignity of the law at all hazards and to support against all destructive sources, those in authority, that there may not ensue the blighting consequences of passions, hatreds and illegal vengeance.

We are witnessing throughout the country today evidences of great unrest, forfeiture of sobriety and open disregard for the laws. Unless checked, this tendency will lead to disruption of the government.

The bloody affair at Lorena has brought death to a Texas citizen, who as an innocent man, has been sacrificed to lawlessness. Whatever the merits of the opposing factions in the Lorena battle, the position of the law is quite unassailable, and but for the persistence of those who defied the authorities, blood would have been spared.

The position of the law as applied to circumstances of this character, in state or nation, is one and the same when brought home to our own city and community.

Mayor Hearrell has issued a proclamation prohibiting the parading in Cameron of the Ku Klux Klan or any masked bands. This action, according to the mayor, is taken to prevent occurrences similar to that in Lorena. That the action of the mayor is both wise and timely is born out by the increasing opposition to lawlessness throughout the state. If in interposing the good offices of the law, the mayor can prevent the loss of life or bloodshed, his position finds ready applause among all liberty loving and law abiding citizens.

That our city and county must avoid dissension and division is born out by the occurrences in other cities where reason has been overrun by prejudices and passions.

The law must be supreme. The authorities must be upheld so long as they seek function for the good offices of law and government. In justice to all that law and order stands for, peace and good will must reign in Milam county.

The spectre of the tar bucket must no longer cloud the peace of the skies. Criminal offenses, by whatsoever organization, guilty of their permission, must cease.

In the name of Him who died that men might have immunities, processes of law enforcement, must ever be confined to those in authority.

Let us uphold the law and save civilization.

## THE ACID TEST.

There is perhaps no surer test of a man's business morality than that to which he is subjected when he finds he has made a bad bargain that he can wriggle out of without being held answerable by the courts. Half a year of tumbling prices has put innumerable business men to this test of honor, with the result that many a fair reputation has been smirched.

Great numbers of merchants have bought goods at high prices and have canceled orders as the market fell, or have refused to receive ordered merchandise when delivered. In some cases the terms of sale have been such that the sellers have grounds for legal proceedings, but quite as often the buyer's good faith is the only real binder of the bargain, and if he chooses to waltz, the seller must bear the loss that should fall on the man he trusted. The state of affairs here referred to is neither rare nor localized but is lamentably common from coast to coast. From ocean to ocean trade bodies are taking cognizance of this sudden paralysis of the business conscience, and Senator Lenroot lately observed in a public address that business ought at least to be as honest as politics.

Everyone knows that much of our trading is loosely conducted. Important transactions are not uncommonly based upon oral agreement. Great commitments are made and heavy obligations are assumed without the protection of lawyers or the execution of air-tight contracts. The good faith of the contracting parties is the only guarantee that mutual obligations will be fulfilled.

It was not to be supposed that every

business man could withstand the acid test to which the mercantile world is now being subjected, but it is disheartening to observe how much supposedly fine gold turns out to be only brass. Still more dispiriting is the cynicism with which disclosures of bad faith have been too generally received.

Perhaps time will tell another tale, for it is written that though the mills of god grind slowly they grind exceedingly small. Every old trade has its traditions and its legends, some of which run back for a hundred years. These settled callings have long memories. Old men can still recite the names of contractors who swindled the government during the Civil War. Some of these have atoned for their sins by unbroken decades of fair dealing, but the passage of nearly sixty years has not utterly washed out the stain.

Detection of base metal is happily not the sole effect of the acid test. Its more heartening result is its conclusive proof that an unknown specimen is fine gold. It reveals the high minded merchant who will keep his word though the heavens fall, who will strip himself bare to meet his obligations, who will instantly choose honest bankruptcy rather than solvency maintained by unpunishable dishonesty. Toward such a man no consideration shown can be too great, no creditor can be too kind to him, no fellow merchant too helpful. As long as character is the foundation stone of confidence, and confidence is the basis of all credit, the one indispensable factor in the financial relations of civilized peoples will be honor in business.

## THROUGH THE EYES OF THE ENGLISH DEPARTMENT OF YOE HIGH SCHOOL.

## Introduction.

The purpose of this column is to give the citizens of Cameron some of the views and opinions of the pupils of the English department of the Yoe high school. We hope that the patrons of our school will become interested in these articles and will co-operate with us in our plans and our work. The following is the first of the articles to appear:

## Let's Go!

Football is not merely a sport for the pleasure of the high school boys, but it affords superior training in many of the factors essential to success in life. Chief among these factors is the spirit of co-operation. Each player must learn to perform the duties that enable his team mates to execute the plays and strategies necessary to win. This spirit of co-operation is a feature of citizenship that determines in a large measure the success of any community. A boy having taken part in football is well aware of the value of co-operation, and consequently recognizes the same need in life as in foot ball.

Second in importance to co-operation is perseverance. Perseverance is necessary when the game seems to be breaking for the opponents if one is to stick to the end. In life perseverance plays a part equally as important. When the game of life seems to be breaking badly, perseverance is the factor necessary to enable one to hang on until a change for the better may be effected.

Leadership is also developed by football, for every man must endeavor to get his companions to put forth their best. There is always a demand for a football player who possesses the ability to bring a lagging man back into the next play with a lot of pep and fight. In the business world it is the leader that succeeds where others fail. There is always a demand for the man able to bring order out of chaos by his influence over others.

After leadership in importance comes that most essential quality known as efficiency. A winning team must be an efficient team. They must master the fundamentals of the game and build upon them a system of play which will bring the best results. In business efficiency means more profit. The business incapable of efficiently meeting sudden difficulties is the one first to close its doors.

As football teaches a boy the fundamental lessons of co-operation, perseverance, leadership and efficiency, it is certainly a training for life which is due more consideration than is often accorded it. It means far more to a boy than merely an escape for superfluous energy.

To a youngster just beginning a game requiring a good strong fighting spirit, encouragement is an essential aid. Your presence at the games shows that you realize that these boys are playing for the credit of the school, the town, and the community, and that they are not making an unappreciated fight. Show that you realize these boys are the future citizens, and that they are getting something of benefit to them when they shall come to your place in life. So when you are asked to buy a ticket to the game, do not give the old thread bare excuse of 'not having time,' just say, 'Let's go.'

PORTER STEVENS.

## HARE'S CHARGES ON KLAN RECALLS MASONIC WARNING

(Continued from Page One.)

charge it was recalled yesterday that Andrew L. Randall of Judge Hare's home city, Sherman, and who is grand master of Texas Masons, probably was the first eminent officer of that organization in the United States to set the seal of Masonic disapproval on the Klan and all its ramifications. He is said to have gone straight to the larger and more influential lodges with his denunciation and to have told Masons that, while he did not for a moment believe any Blue Lodge in Texas would even consider encouragement of the Klan, he wished it known that if there proved to be such a subordinate lodge anywhere in the state, he would deprive it of its charter without the hesitation of a moment.

The work of Mr. Randall is declared to have been actively aided by the Grand High Priest of Texas Royal Arch Masons and by many others high in Masonic authority. These Masonic officials held that activities of the Klan will be seized on by enemies of Masonry as an excuse to attack the order as a whole, that Masonry's principal appeal for the respect of the world is its stand for and support of law and order, that no organization that puts itself above the law and seeks to take the place of the law through unknown agents can be called lawful, and, therefore, has no place in American life. Further, it is declared, few, if any, Masons have ever had anything to do with Klan activities and any Mason who may have joined the society of the nameless has been urged to sever his connection at once and forget he ever "lapsed so far from Masonic conduct."

I have Heinz India relish and sweet gherkin pickles. Giles L. Avriett.

Master Hilliard Thomas returned home Tuesday after an extended visit with his aunt, Mrs. McIntyre in Marathon.

The Quinine That Does Not Affect The Head Because of its tonic and laxative effect, LAXATIVE BROMO QUININE (tablets) can be taken by anyone without effect on the head or stomach.

Fresh pecans, Middleton & Thomas.

W. W. Latham to W. O. Latham, 80 acres of land partition, consideration \$1.

Caroline Yoe to Joseph Kestrum, 445 acres of land out of the J. A. De Pena survey, consideration \$49,000.

## PRESBYTERIAN CHURCH.

Last Sabbath was a great day in our Bible school. It was the regular Rally day set apart in all our churches. A special effort was made to get out a full school, and for the first time in the history of the school there were over 200 present. There was an attractive program carried out. The spirit of the day was fine. One every encouraging sign was the fact that the company was not made up of those from other Bible schools on a visit, but of people who ought to be in our school all the time. An interesting feature was the taking of the picture of the company of "Twins" out. There were three sets of twins out with one half of three other sets. You can see the picture at Pace Marshall Drug store.

Friday evening at 7:30 the Sunday school is going to have an old fashioned general good time on the church lawn. Yes you are invited.

Sunday the usual services. Next week the pastor and Mr. C. W. Lawrence will attend the state Synod at Brownwood.

J. J. Barrett et ux to E. L. Brod, 22 acres of land out of the Antonio Rios delos survey, consideration \$2,750.

H. M. Thomas et al to J. R. King survey in the city of Cameron, consideration \$1500.

M. S. Scott et ux to E. A. Camp, 33 acres of land out of the J. J. Acosta survey, consideration \$3500.

R. L. Young et ux to Milam county, 3.8 acres of land out of the Jose Leal survey, consideration \$95.

L. H. Hillyer to W. Goins, lots 11, 12 and 13 in the Ann S. Williams addition to Rockdale, consideration \$60.

## NOTICE IN PROBATE.

THE STATE OF TEXAS.

To the Sheriff or any Constable of Milam County—Greeting:

You are hereby commanded to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice in the county of Milam, State of Texas, and you shall cause said notice to be printed at least once each week for the period of ten days exclusive of the first day of publication before the return day hereof:

## NOTICE.

The State of Texas, To all persons interested in the estate of Raymond Posey, deceased, notice is hereby given that Ben Nabours has filed in the county court of Milam county, an application for appointment as administrator for the estate of Raymond Posey, deceased, which application will be heard at the next regular term of the county court of Milam county, which will be held on the first Monday in December, 1921, same being the 5th day of December A. D. 1921 to be held at the court house thereof, in the city of Cameron, Texas, at which time all persons interested in said estate may appear and contest said application, if they see proper.

Here fail not, under penalty of the law, and of this writ make due return. Given under my hand and seal of office, in the city of Cameron, Texas, the 27th day of September A. D. 1921. Attest: WILL T. YATES, (Seal) Clerk County Court, Milam county.

By MRS. K. K. ROBBINS, Deputy.

Maxwell House, Golden Gate and John Bremond coffee. Giles L. Avriett.

Mr. and Mrs. J. M. Sybert of Rogers were guests last week of Mrs. Sybert's sisters Mesdames Martha Rogers and Texanna Rucker.

Ladies' club: Lipton's and King George's Flower Orange Pekoe tea for ice tea. Giles L. Avriett.

## PROCLAMATION WILL PREVENT PARADE OF KLAN IN CAMERON

(Continued from Page One.) do hereby warn any and all Klu Klux bands or Klans to refrain from attempting to disguise themselves with or without arms and march through any street or alley in this city hereby quoting such portions of the law applicable and governing conditions as they now exist:

Article 570. (Wilson's Criminal Code) "Homicide is permitted by law when inflicted upon a person or persons who are found armed with deadly weapons and in disguise in the night time on premises not his or their own whether the homicide be committed by the party about to be injured or by some person in his behalf."

Sec. 9. "When the party slain in disguise is engaged in any attempt by word, gesture or otherwise to alarm some other person or persons and put them in bodily fear."

Article 451. (W. C. C.) "Riot" defined. If the persons unlawfully assembled together do or attempt to do any illegal act, all those engaged in such illegal act are guilty of riot."

Article 464. (W. C. C.) All Participants Guilty.—A person engaged in any riot, whereby an illegal act is committed, shall be deemed guilty of the offense of riot, according to the character and degree of such offense, whether the said illegal act was in fact perpetrated by him, or by those with whom he is participating."

Article 465. (W. C. C.)

"Where Assembly was at First Lawful.—Where the assembly was at first lawful, and the persons so assembled afterward agree to join in the commission of an act which would amount to riot, if it had been the original purpose of the meeting, all those who do not retire when the change of purpose is known are guilty of riot."

Art. 805. (Vern. Civ. Stat.)

"Mayor May Summon Citizens to Act as a Special Police Force, Etc.—Whenever the mayor shall deem it necessary, in order to enforce the laws of the city, or to avert danger, or protect life or property, in case of riot or any outbreak or calamity or public disturbance, or when he has reason to fear any serious violation of law or order, or any outbreak, or calamity or public disturbance, or when he has reason to fear any serious violation of law or order, or any outbreak, or any other danger to said city or the inhabitants thereof, he shall summon into service, as a special police force, all or as many of the citizens as in his judgment and discretion may be necessary and proper; and such summons may be by proclamation or order addressed to the citizens generally."

Now therefore, I, U. S. Hearrell, by virtue of the authority invested in me as mayor of the city of Cameron, having reason to fear serious violations of law and order and outbreak of general disturbance and danger to said city, and in order to avoid bloodshed and loss of life do hereby summon into service as a special police force, all the law abiding citizens of this city, for the sole and only purpose to wit: Of prohibiting the marching through any street or alley of this city any masked, disguised, or hooded bands or clans, and they and each of them will aid and assist the city marshal in arresting such disguised persons dispersing them or placing them in prison under the directions of the mayor or city marshal.

The city marshal is hereby authorized and empowered to select and appoint as many special police as he deems adequate and sufficient to carry out the purpose and intent of this proclamation whenever the occasion demands such action on his part. In testimony whereof witness my official hand and seal of this city on this the 1st day of October, A. D. 1921. (Seal) U. S. HEARRELL, Mayor of the City of Cameron, Texas

Fresh shipment shredded wheat and cream of wheat. Giles L. Avriett.

Mr. and Mrs. J. M. Sybert of Rogers were guests last week of Mrs. Sybert's sisters Mesdames Martha Rogers and Texanna Rucker.

Ladies' club: Lipton's and King George's Flower Orange Pekoe tea for ice tea. Giles L. Avriett.

## SCHOOL WORK PROGRESSING NICELY—PUPILS AND TEACHERS ALL ON THE JOB.

School work in the new term recently opened has settled down and is moving forward with the smoothness of well-oiled machinery. All the teachers are on the job and have entered the work with greater enthusiasm than has been evidenced in any previous term and the 286 pupils have caught the spirit of this enthusiasm and are going forward in their studies at perhaps the most rapid pace ever set by any term in the history of the local schools.

"Pep" and "go" seems to be the new slogan for the new term and this new watch-word is carried out from the office of the superintendent on down the line through the study halls and into the playground. Athletics and the recently organized literary society have also absorbed the spirit of the new day for this school. The program rendered by the new literary society in the school auditorium last Friday night was attended by a capacity audience who were well repaid for the time spent there. The opening chorus of "The Long, Long Trail" was sung by sixty boys and girls and was well received.

The declamations by Miss Avis McGinnis and Harmon Ponton were especially pleasing. The vocal duet by William Tagel and Miss Nina Peebles was well received.

The drill by the pupils of the second grade elicited much favorable comment from the large audience.

The debate: "Resolved; that foreign immigration should be stopped," was perhaps the most masterly handled subject ever discussed in the local auditorium. Louise Davis and Earl Scruggs went down to a glorious defeat in the defense of the affirmative against Jester White and Minnie Phillips who won the decision on the negative side of this great and popular question of today.

The next program to be rendered by the literary society will be given at the school auditorium Friday evening, October 14th. Friends and patrons of the school are invited to attend.

The suits and other paraphernalia of the newly organized foot ball and track squad have arrived and strenuous practice is indulged in each day. Under the able coaching of Prof. Eads the Thorndale school is preparing a nifty perch upon the school banner for that wild old bird "Victory" to rest upon during the coming season of sports.

Reported visions of Ku Klux Klansers parading the residence streets of Thorndale upon investigation have proved to be erroneous. The white visions passing rapidly down the streets at night have proved to be the Thorndale high track team in their white running suits taking long runs after nightfall in order not to attract the attention of the day time crowds. This exercise is strengthening the wind of the squad to a considerable extent.

Patrons and friends of the school are looking forward to the best foot ball season this section has ever witnessed.

## HARE SCHOOL HAD INTERESTING PROGRAM SATURDAY

Prof. H. M. Roark delivered an address on "The county school of tomorrow," at a community school meeting at Hare last Saturday evening.

A large and appreciative audience was in attendance. Besides Prof. Roark, the county superintendent of Williamson county schools and the athletic instructor of the Taylor schools were on the program.

## HOMER PERRYMAN, OVER-SEAS HERO LAID TO REST FRIDAY—MILITARY HONORS.

The remains of Homer W. Perryman, an enlisted man in Co. C., 141st Infantry—36th Division arrived in Thorndale Friday afternoon on the 2:15 train and was escorted by the local post of the American Legion to the Connell cemetery near Conoley, where it was laid to rest with full military honors.

Both the public school and St. Paul's Parochial school turned out en masse to honor the Meuse-Argonne hero, the pupils of the schools forming in double lines along the main street through which the funeral cortege moved. Business houses of the city were also closed during the funeral as a mark of respect to one who had made the supreme sacrifice for his country.

Lieutenant Schram of Taylor and 1st Sgt. Joe Norris of Thorndale had charge of the military service and were assisted by bugler Forwood of Taylor, and ammunition man E. Lee also of Taylor.

A military escort composed of Lt. E. L. Laurence, Ben Northcott, Wm. June and John Anderson were the honorary pall bearers.

Active pall bearers composed of former service men were: B. H. Camp, Ebb Moore, Carl Werner, Morgan Jenkins, A. Richter and Herman Weise.

The firing squad composed of L. G. Butts, Henry Eitze, Jack Cowan, Roy Clarke, E. Tittsworth, L. Tittsworth, Henry Dutschman, Wm. Unnasch and E. H. Freddy fired three volleys over the remains after the religious ceremony conducted by Rev. P. R. White, pastor of the Methodist church. The blowing of "taps" by bugler Forwood at last mark of respect to the fallen hero was a requiem to one who had fallen with his face toward the foe.

Homer W. Perryman was born near Thorndale on August 12, 1887, where he was reared, later moved with his parents to Taylor. He enlisted in the United States Army on May 27, 1918. Soon after his entry into the army he

was sent to France where on October 8, 1918, together with Lieut. Luhn and Corp. Jack Walker, lost his life while defending his country.

Young Perryman is survived by his parents, Mr. and Mrs. T. R. Perryman, and two brothers, Barney Perryman of Amarillo, and Jack Perryman of Taylor.

## ELM TREE ON FULCHER FARM KEEPS RECORD OF GABRIEL RIVER RAMPAGES.

Near a beautiful pecan grove just back of the old Fulcher home on the San Gabriel river stands a majestic elm tree that has withstood the ravages of time and flood from that proverbial time "when the memory of man ran not to the contrary," anyway this faithful old landmark was there when the first settlers came to this section many moons gone by.

This silent and majestic sentinel bears upon its gnarled but solid trunk mute evidences of the historical rampages indulged in by the beautiful San Gabriel river since the first flood known in this section in 1854.

The high water marks on the tree were made by J. H. Fulcher, father of Thorndale's postmaster, J. T. Fulcher, who passed away early during the present year. The markings with the dates cut into the tree with a pocket knife bear the dates of 1854, 1869, 1900, and the one of a few weeks ago which showed the flood waters to have reached seven and a half feet higher than any previously known.

W. S. Glasscock who lives near the Fulcher place on the Gabriel was living there in 1869 and claims the water at that time reached the highest known up until the recent overflow which cut 100 lives in this section. There was no loss of life at that time according to Mr. Glasscock who stated there were only two or three families living in this section on this side of the river and about the same number on the other side.

## BREMOND RANCH DEEP TEST WELL CREATES EXCITEMENT OVER THE COUNTY.

Wild rumors and reports were current in the county, as well as the city last Friday to the effect that the Bremond Ranch deep test on the Shelby Phillips place three miles southeast of Thorndale was 35 feet in the sand and had blown out the casing, demolishing the 112 foot derrick and oil was flowing over the countryside and into Brushy creek.

With visions of printing an extra edition The Champion investigated the rumors and immediately got in touch with Ralph Babcock, manager

of the Bremond Ranch Syndicate and had his camera focused on the oil man ready to snap a picture for front page space when Babcock threw up his hand and said "There's nothing to it, I heard the same report you did."

Like all other rumors, they can seldom be run to earth, but in describing the actual happenings at the well last Thursday night Mr. Babcock stated that the casing that had recently been set had slipped on account of a cave-in and had settled to the bottom of the hole, necessitating another fishing job and the re-setting of the casing.

Expressing keen disappointment that the report was untrue, Mr. Babcock stated that perhaps they were the ones most anxious to bring in a well as until they do the money is "all going out and nothing coming in."

That the report was current in other places in the county was evident when a long distance call from Rockdale to the Secretary of the Commercial club wanted to know the story.

## TWO YOUNG MEN HELD FOR ROBBERY OF STORE HERE LAST THURSDAY.

Officers Edd Beard and John Worley set to work on the robbery of the Thorndale Mercantile company's store here early last Thursday morning located two young men in Taylor and recovered 8 silk shirts, a pair of shoes, a suit case and a number of pairs of socks from the boys' room in a hotel there Friday.

The boys gave their names as Bob Johnson and Harry Zimmerman and were employed in a restaurant near the depot, according to officer Edd Beard who was assisted in making the arrest by Williamson county officers.

In boarding a night train here immediately after the robbery one of the

party dropped a suit case with part of the stolen goods together with some old clothing. The suitcase was mangled by the train but sufficient evidence was left to give the officers a clue as to the parties implicated and the arrest of the boys followed. They were taken to Cameron and turned over to Sheriff Blalock.

## FIRE PREVENTION DAY, OCT. 9TH TO BE OBSERVED IN THORNDALE.

October 9th has been designated as Fire Prevention Day, not only in Texas but throughout the United States by the president and governors of the different states.

A large per cent of the fires that are so destructive are preventable. The great loss of life in preventable fires throughout the country should be incentive enough to impress the prevention work indelibly upon the mind of every property owner, who in a great measure could reduce the fire loss and consequent loss of life by regular and thorough inspection of all property.

The fire prevention committee of the Thorndale Chamber of Commerce will probably arrange a thorough examination of business and residence property on the above date to see that all combustible material is cleaned out and burned and an inspection of all flues in the city made properly.

## Hot Water Each Morning Puts Roses in Your Cheeks

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Girls and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphated hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

Women who desire to enhance the beauty of their complexion should just try this for a week and notice results.

## Bailey Turner Lost Life in an Attempt To Save Friend

THIS IS THEORY FORMED FROM  
EVIDENCE ON THE GROUND  
AFTER THE FLOOD.

(Rockdale Reporter.)

Evidence that Bailey Turner and his friend H. C. Sullivan made a brave fight for life before being drowned in the recent flood was found by E. A. Green last week in searching out the ground where the Turner house once stood in the forks of Brushy and the Gabriel. This evidence consists of an iron ladder, to the top rung of which had been tied two bed sheets. This was brought to town by Mr. Green Friday.

After the 1913 flood Bailey Turner built this house. He raised it a foot or more above high water mark by placing it upon strong white oak pilings, eight or ten feet high. Entrance to the domicile was effected by an iron ladder of approximately twelve feet in length, made for the purpose. The pilings were enclosed with a fence, fitted with a gate, and Turner kept his car and other property under the house. He had been heard to remark several times that he was now not afraid to lay down and go to sleep as he knew his house was above high water mark; that the flood of 1913 would never be exceeded.

Mr. Green has carefully examined the situation and has evolved the following theory. That Turner and Sullivan were unafraid until too late to think of getting out of the bottom. That when the water began to enter the house they began to plan some means of escape. That Turner opened his trunk for his six-shooter and fired the shots which he (Green) heard while in his tree-top further up the river. That he left his trunk open, which accounts for the fact that it was later found empty. That there was a small cottonwood tree 25 or 30 feet from the house, and that the men then bent their energies toward gaining that tree. That Sullivan could not swim, and it was therefore necessary for Turner to assist him. That the men pulled up their iron entrance ladder, tied the two bedsheets together and to the top rung, and while Sullivan stood in the doorway holding the bottom rung Turner took the sheets and tried to swim to the tree. This evidence is borne out by the fact that Turner's body had on no shoes, while Sullivan's shoes were on his feet.

Green's surmise is that Turner found his improvised line too short for the purpose and the current, too swift to swim back to the house, also the tree he was attempting to reach, too small for the purpose. He was swept on by the irresistible force of the waters, swimming with the current as best he could until he either gave out or was struck by a piece of driftwood; there was a scar on his forehead bearing out the latter theory. Sullivan, in the meanwhile, drowned immediately and his body found lodgment in the channel of the river close by.

There are, of course, many other theories, but Mr. Green being so well acquainted with the ground and the dead men and their habits, it is altogether likely that his theory is the correct one. All who knew the two men will concur with Mr. Green in the opinion that Turner would not desert his friend who couldn't swim, and that but for this evidence of fidelity he might have saved himself earlier in the game by swimming to a larger tree.

### YOUNG FOLKS HERE IS YOUR OPPORTUNITY.

Pick scraps of time from the waste basket, turn them into dollars, earn while you learn by taking a money-back-guaranteed general business course, general bank course, general railroad and telegraphy course, or one of our most thorough and practical courses of bookkeeping, shorthand and typewriting, business administration and finance, telegraphy, commercial law, business arithmetic, salesmanship, advertising, commercial lettering or business penmanship, by correspondence thru the Extension Department

of the Tyler Commercial College.

We secure satisfactory results or refund tuition. Our Correspondence courses include the same subjects as given with a personal course, with the privilege of entering College for personal work at any stage of your course, without paying additional tuition. In other words, the correspondence instructions are absolutely free if you enter for personal work. Many find it to their advantage even when they intend to take personal work later to first enroll for the course by correspondence and utilize their spare moments until they are ready to enter, since it costs nothing extra. This often saves them a couple of months' time and board in school on their personal work, and enables them to leave college and accept a good position two months earlier. Another advantage of the correspondence course is that we give three month's free use of a standard typewriter with the full shorthand course. Many of our students have attained a speed of from forty to fifty words per minute thru our system of touch typewriting during the three months and have at the same time carried on their other work. Telegraphy instruments and supplies are furnished with our course of telegraphy, and a thorough course of salesmanship is given with bookkeeping.

We use our original copyrighted methods. We make every subject practical and interesting from start to finish. Every lesson receives prompt personal attention and a personal reply. We have taught hundreds of students successfully and know we can teach you or we would not guarantee to refund your money. Why continue to waste your spare moments? Turn them into knowledge and make them earn you dollars. Take advantage of the wonderful opportunities for trained young men and women in the business world today. You cannot afford to let your spare moments pass when there is such a need for capable office help. ## TAKE SALTS TO FLUSH KIDNEYS

Eat less meat if you feel Backache or  
Bladder troubles you—Salts is  
fine for Kidneys.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night. To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

**A TONIC**  
Grove's Tasteless Chili Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value. Grove's Tasteless Chili Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 60c.

## SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to  
Bring Back Color and  
Lustre to Hair.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

This preparation is a toilet requisite and is not intended for the cure, mitigation or prevention of disease.

## BIG RANCH MAN TELLS OF SUCCESS IN TICK ERADICATION

WOULD NOT HAVE RANGE INFECTED AGAIN FOR EVEN \$25,000 SAYS J. W. WHITE.

Mr. J. W. White, prominent ranchman of Mason, Texas, was interviewed by a representative of a San Antonio newspaper. His attitude and advice regarding Tick Eradication in South Texas is rather interesting. This interview is quoted herewith in full:

"I cleaned up the ticks on my ranch in one year," said J. W. White of Mason county yesterday in San Antonio. "I had thirty thousand acres to clean too, and like a lot of other folks, when the talk of getting rid of the ticks was started, I did not believe in it very much. But my Zone No. Two went to cleaning up, and I went with the bunch. My cattle used to be covered with ticks, and, like these folks in Zone three, I thought it was all right. Today there is simply not one tick on my whole ranch. Since I cleaned them up I have at one time brought one thousand and four hundred head of cattle from the north where they never have had a tick on them, and turned them on my range in perfect safety, and not long ago a friend of mine took fifty head of clean Texas cattle down into Zone 3, and forty two of them got ticks and died. Another thing, when I had ticks I had lots of trouble with screw worms—they got started where the tick left a tiny sore place. Now I am running my ranch with one-fourth the number of men I used to have to keep, for I have very little trouble with screw worms. I want a lot of my friends in Zone 3 to think about that too. A four-year-old steer raised on a tick-free range will weigh 150 to 200 pounds more than he would have weighed if raised with ticks all over him all his life. That's worth noting, too. Absolutely, I would not have the ticks back like they were on my range for an even \$25,000. You can say for me that the people of Zone 2 are going to see that Zone 3 cleans up. Folks in Zone 2 have to do it for their own protection. As long as there are ticks in Zone 3, they will long ago a fellow brought about a dozen fine bulls from the north and stopped at Taylor with them, in clean territory. He had a grazing privilege on the L. & G. N. railway right-of-way and they picked up ticks there which had dropped out of an infected Zone 3 cattle train. One bull died, and the others were saved by dipping. And not long ago some fellow started to send two fine Jersey cows, infected with ticks, from Zone 3 up to Dallas county, sending them by truck. He was taking these ticky cows right into clean territory, where people had spent their money to clean it up. If he had succeeded in his plan he would have started ticks all over again in that territory and perhaps have cost some poor man his only milk cow on which his children depended. I call that sort of tactics by a pretty hard name. That fellow with his two cows was caught on the way and made to tarry there until the cows had had two good dippings. These are some of the reasons that cause me to say that the people of Zone 2 will see to it that Zone 3 cleans up. They must not be exposed to that danger. One encouraging thing is that so many folks in Zone 2 really want to clean up as soon as their neighbors will do so." Mr. White is owner of the Mill Creek Ranch in Mason county, one of the well known ranches of Texas. He has been in the cattle business in that county for thirty five years.

Ticks are largely responsible for

scrub cattle, and there is seldom any uniformity in scrub cattle. About the only things they have in common are: four legs, two horns, a hide and a tail. Tick Eradication pays.

### PROSPEROUS FARMER'S WIFE NEARLY STARVED

Declaring she was actually starving to keep from suffering awful misery, Mrs. Amy Peterson, wife of a prosperous farmer of Lakeville, Mass., gave out a remarkable statement, recently, in connection with her relief through the use of Tanlac.

"Sometimes I wonder how I lived through it all," she said. "I would have attacks of acute indigestion nearly every time I ate anything. Those terrible cramping pains and the distress from gas and bloating were almost unbearable and I just thought there was no hope for me.

"But now I'm eating anything and I feel as strong and well as I ever felt in my life. I've gained back all the weight I lost and six pounds besides and I know from my experience what Tanlac will do. It's the best medicine in the world."

"Tanlac is sold in Cameron by New Cameron Drug Co., in Rockdale by Baldrige Bros., in Milano by E. C. Smith and in Burlington by the New Drug Store.

### Habitual Constipation Cured in 14 to 21 Days

"LAX-FOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It stimulates and regulates. Very Pleasant to Take. 60c per bottle.

### No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS chill TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

### NOTICE TO CONTRACTORS.

Sealed proposals addressed to Giles L. Avriett, auditor Milam county, Texas, for raising and re-erecting certain bridges in Milam county, will be received at the office of County Auditor at Cameron, Texas, until 2 o'clock p. m. Friday, Oct. 7th, 1921, and then publicly opened and read.

The following bridges near Thorn-dale: Raising and re-erecting the Glascock bridge over the San Gabriel river. The re-erecting of the San Gabriel bridge over the San Gabriel river. The building of a new 75 foot bridge over Alligator creek near Redville gin. Building of a new bridge over Clay's Creek near Ed Graham's.

The following bridges near Cameron: Raising and re-erecting of the Little Bear Creek bridge, and the 40 foot bridge near the J. B. Roger's place on Holtzclaw road. Also the raising and re-erecting of the 40 foot I-Beam bridge near Tomasek place on the Ad Hall, Norman Valley road.

Detail description of the work to be done may be obtained from the office of A. F. Mitchell, county engineer, Cameron, Texas. Separate bids will be received on the repairs of each bridge.

A certified check for 5 per cent of bid must accompany each proposal. Milam county reserves the right to reject any and all proposals and waive all technicalities.

GILES L. AVRIETT,  
County Auditor Milam County, Tex.  
22 21.

### Grove's Tasteless chill Tonic

restores vitality and energy by purifying and enriching the blood. You can soon feel its strengthening, invigorating effect. Price 60c.

### No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS chill TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

### STATE OF TEXAS, County of Milam

Bailey P. Turner.

The county court of Milam county has appointed me temporary administrator of the estate of B. P. Turner, with instructions to take charge of all property, collect all debts, etc. All persons owing Mr. Turner will please communicate with me at once, concerning their debts. His trunks containing valuable papers are in the bottoms. Watch for it. Much of his property has been scattered by the recent floods. You are asked to watch for same, and finding any of it, take charge and advise me promptly. Any information concerning his property or debts will be greatly appreciated.

E. A. CAMP,  
Temporary Administrator.  
P. O. Rockdale, Texas, Sept. 19, 1921.

get one of these beautiful  
prizes. They will be given  
away absolutely free, just  
as advertised, but you will  
have to be here on the  
minute.**

SULLIVAN'S PURSE  
FOUND IN RIVER

(Rockdale Reporter.)  
E. A. Green brought to The Reporter office yesterday the purse or pocket book which H. C. Sullivan carried on his person the night he was drowned in the big flood. The purse contained a sum of money, in silver and bills, three checks made payable to the B. P. Turner Gin Co., never cashed, and a number of other identifying receipts and papers.

Mr. Green says he found the purse in the channel of the river, near the spot where the Turner house stood and near where Sullivan's body was found. It had settled on a little knoll in the river bed, was covered with about two inches of water and the knoll surrounded by water two feet deep. It is Mr. Green's theory that the purse fell out of Sullivan's pocket after his body fell into the river channel, and the amount of silver therein contained served as a weight that kept it from being swept away.

BARTLETT BUSINESS MAN  
KILLS NEGRO IN FIGHT

Jno. Lawrence, merchant of Bartlett, in attempting to collect an account to the amount of \$25.00 from Steve Scott, a negro, on the L. M. Watson place Tuesday afternoon, shot and killed him later returning to town, reporting the killing to the officers. The weapon used was a shot gun, the charge striking him in the face, death resulting instantly. It is said that the negro used very abusive language and attacked Mr. Lawrence with a knife which resulted in his death. Little can be learned about the tragedy, except that the murder was committed in self defense according to reliable parties.—Granger News.

## WILL BOOST HOME PAPERS

Week of November 7-12 Set for National-Wide Endeavor.

"Subscribe to your home town paper."

This is the slogan of a new nationwide movement backed by the National Editorial Association and other agencies.

The movement has back of it far more than a selfish desire on the part of newspapers to acquire increased circulation, for it is, in effect, a step toward the perfect unification of America by the strengthening of ties that bind everyone to his native soil. The campaign is, moreover, an excellent opportunity to boost the home town. The men and women who were born and reared here have, some of them, been away for many years and many important changes have taken place—changes in which they would be greatly interested. It is more often the case than not that private correspondence overlooks these changes, however carefully on might attempt to write "the news" in a letter.

The newspaper, on the other hand, prints all the items of interest, large and small, and is the ideal medium through which to keep in touch within the old home town. In order to stimulate this movement we will mail a copy of The Herald free of charge to anyone you designate. Do it now.

## Colds Cause Grip and Influenza

LAXATIVE BROMO QUININE Tablets remove cause. There is only one "Bromo Quinine" F. W. GROVE'S signature on box. 50c.

## A TONIC

Grove's Tasteless chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

Grove's Tasteless chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 75c.

BIG EATERS GET  
KIDNEY TROUBLE

Take a glass of Salts before breakfast if your Back hurts or Bladder bothers you.

The American men and women must guard constantly against Kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts: take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

## THRALL NEWS

Misses Maye Moon and Mae Baker and Murrah Nolte attended the movies in Taylor last Thursday evening.

Miss Lucy Middleton was visiting in Taylor Saturday.

Misses Marjorie Thompson, Mae Baker and Maye Moore were Taylor visitors Saturday.

J. M. Middleton made a business visit to Bastrop Saturday.

Mrs. J. O. Baker was shopping in Taylor Saturday.

Miss Luce Albritten spent Sunday with home folks at Jonah.

Misses Maye Moore, Mae Baker, Marjorie Thomson and Messrs. Maurice Reeves, Smith Summerlin and Paul Peebles motored to Taylor Sunday evening.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicinal remedy, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials. F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Hall's Family Pills for constipation.

## You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

## ARE YOU SOMEBODY.

In your later home have you acquired prominence, or are you just on the road?

No matter—there is a place where you are far more than just a "nobody." It is in your own home town. To the folks at home you are somebody. Do them the same honor and keep them cataloged in your mind. Your home town paper makes this

possible. It is a keen gatherer of news of vital importance in its field; it is as metropolitan in tone and make-up as is consistent with its special mission—the purveying of 100 per cent pure news about neighbor to neighbor; it is chock full of character—a perfect mirror of the life of its district—your 'old stamping ground."

Subscribe for your home town paper!

## VALUE OF TEXAS CROP ESTIMATED CENSUS BUREAU

FIGURES SHOW LARGER PROPORTION IN 1920 THAN IN PREVIOUS YEARS.

The Bureau of the Census, of the Department of Commerce, announces, subject to correction, the following preliminary figures from the Census of Agriculture for Texas:

The value of all crops harvested in Texas in 1919 was \$1,071,542,103. Corn was valued at \$146,309,344, wheat at \$75,404,421, oats at \$51,191,535, kafir and milo at \$41,924,803, rice at \$14,857,832, and barley at \$2,407,086. The value of hay and forage was \$73,324,319, of cotton, \$514,113,961, of sweet potatoes, \$10,509,980, of peanuts, \$6,419,340, of peaches \$7,393,091, and of pecans, \$3,686,191. As compared with 1909, the total value of crops for 1919 shows an increase of 272.8 per cent, corn, 189.4 per cent, rice, 143.3 per cent, cotton 215.9 per cent, sweet potatoes, 378.2 per cent, peanuts 491.1 per cent. For several crops, including wheat, oats, kafir and milo, and barley, the value in 1920 was more than ten times the value in 1910.

The acreage of corn in 1919 was 4,748,655, representing a decrease of 7.4 per cent, as compared with 5,130,052 acres in 1909. The acreage of wheat was 2,414,903 in 1919, as against 326,176 acres in 1909, an increase of 640.4 per cent. That of oats was 1,862,933 acres in 1919 and 440,001 in 1909, of kafir and milo, 1,482,663 acres in 1919 and 573,384 in 1909 and 3,888 acres in 1909. The average yield of corn per acre in 1919 was 22.8 bushels, of wheat, 15.1 bushels, and of oats, 34.3 bushels. The corresponding figures for 1909 are 14.7 bushels of corn, 7.9 bushels of wheat, and 16.0 bushels of oats.

Rough rice had an acreage of 164,481 in 1919, as compared with 237,586 acres in 1909, a decrease of 30.8 per cent. The production was 5,306,369 bushels in 1919, as against 8,991,745 bushels in 1909. The average yield was 32.3 bushels per acre in 1919 and 37.8 bushels in 1909.

In 1919, 2,390,457 acres were in hay and forage, including 744,008 acres in hay crops, 1,496,763 acres in kafir and sorghum cut for forage, 30,917 acres in silage crops, and 118,719 acres in corn cut for forage. The total production of hay and forage was 3,729,651 tons, of which 182,761 tons were

silage. The total acreage in hay and forage in 1909 (not including corn cut for forage) was 1,357,112 acres and the total production 1,329,245 tons.

There were 68,142 acres in sweet potatoes in 1919, as compared with 42,010 acres in 1909, representing an increase of 62.2 per cent. The production was 5,838,879 bushels in 1919, as against 2,730,083 bushels in 1909.

The acreage of cotton in 1919 was 11,522,537, as compared with 9,920,179 acres in 1909, an increase of 16.0 per cent. The production in 1919 was 2,971,757 bales, as against 2,455,174 bales in 1909, an increase of 21.0 per cent.

The production of apples in 1919 was 486,828 bushels, of peaches, 4,620,679 bushels, and of pecans, 16,755,421 pounds.

### PROMINENT BANKER DISCUSSES SITUATION AND SOUNDS WARNING.

Dallas, Texas.—Nathan Adams, vice-president of the American Exchange National Bank of Dallas and chairman of the United Campaign for Better Agriculture, gives out the following interview on the cotton situation and diversified farming:

"In undertaking a campaign for diversified farming, it must be understood that the bankers and business men contributing to this campaign realize that they are not experts on farming. They do believe, however, that they know something of the world's needs and the world's financial condition at this moment, and they feel that a large cotton acreage for 1922 would be a serious mistake. They believe, from their knowledge of the world's needs that diversified and intensified farming means more prosperous communities, and the world needs particularly at this time a better grade of cotton than is being produced.

"On account of the present price of cotton, it is their belief that many farmers and land owners will be led into planting a larger crop than was planted in 1920. Three months ago every pound of cotton in the State of Texas could have been bought at around 12 cents a pound. The agricultural interests of the State must realize that the world can consume only a certain amount of cotton and that, with the German mark at 1 cent which was formerly 24 cents, the French franc at 6 cents, formerly 19 cents, and the pound Sterling of England at \$3.55, against \$4.85; with China famine stricken, Japan having its own financial troubles, Belgium, and Russia in the hands of the and Austria struggling for their existence, it can be readily seen that, no matter what the world needs, it comes down to a question of what the world can pay for.

"Therefore, the sensible thing for the farmers and land owners of this

State to do is to diversify their crops to the extent that they can feed themselves and their live stock on their farms, making cotton the surplus crop. It can be readily seen that if three million bales of cotton will bring \$100 per bale, plus the seed, it will run about \$125 per bale, or \$375,100,000. Four million bales of cotton in Texas means a price around eight cents per pound, or \$40 a bale, \$180,000,000 for the State. So, no matter which way round you want to go, the sensible thing to do is to produce less cotton rather than have the one million bales surplus set the price for eleven million bales, which is all the world actually needs or can consume.

"It is time for the business interests of Texas, in co-operation with the farmers of Texas, to get a fair return for the products of this country, and it can only be done through active co-operation of both, and certainly. If we expect to see this State prosper, we cannot do it upon the theory that we can sell four million bales of cotton and that no matter how much we raise, it will still bring twenty cents per pound. I hope, therefore, that when this campaign is started it will receive the active co-operation of every thinking man in this state.

Every Southern state has agreed that they will not increase their cotton acreage for 1922, provided Texas, which is the largest cotton producing State, sets the example and begins a campaign for diversified farming, for independence of character and the upbuilding of its homes.

"The opinion expressed in this interview was confirmed in an interview, after a thorough investigation, by Hon. Albert T. Bursleson, former Postmaster General, and in conversation with Hon. David F. Houston, former Secretary of the Treasury. Mr. Houston stated that in his opinion the South could make no greater mistake than to plant another fifteen million bale crop of cotton, because the world could not consume it and even if it needed it, it could not pay for it.

"The law of supply and demand controls finally the price of every product. The sensible planting, intensified cultivation and a reasonable nearness to the world's needs means that the South cannot only be prosperous but will have the ability to finance that kind of crop."

### TEACHERS' EXAMINATION.

Teachers' examinations will be held in Cameron the first Friday and Saturday in October, the same being the 7th and 8th of Oct. 8th. Examinations will begin about 8:30 o'clock a. m.

J. F. CHADWICK,  
County Superintendent.

### Piles Cured in 5 to 14 Days

Drugs do not cure piles if PAZO OINTMENT fails to cure itching, burning, bleeding or protruding Piles. Instantly relieve Piles. No surgery. No pain.

## David Harum Tactics Have No Place in Modern Business

The horse trading proclivities of the shrewd old Yankee have lost caste. They are boomerangs that hit hard on the come-back. They prove too costly to the perpetrator.

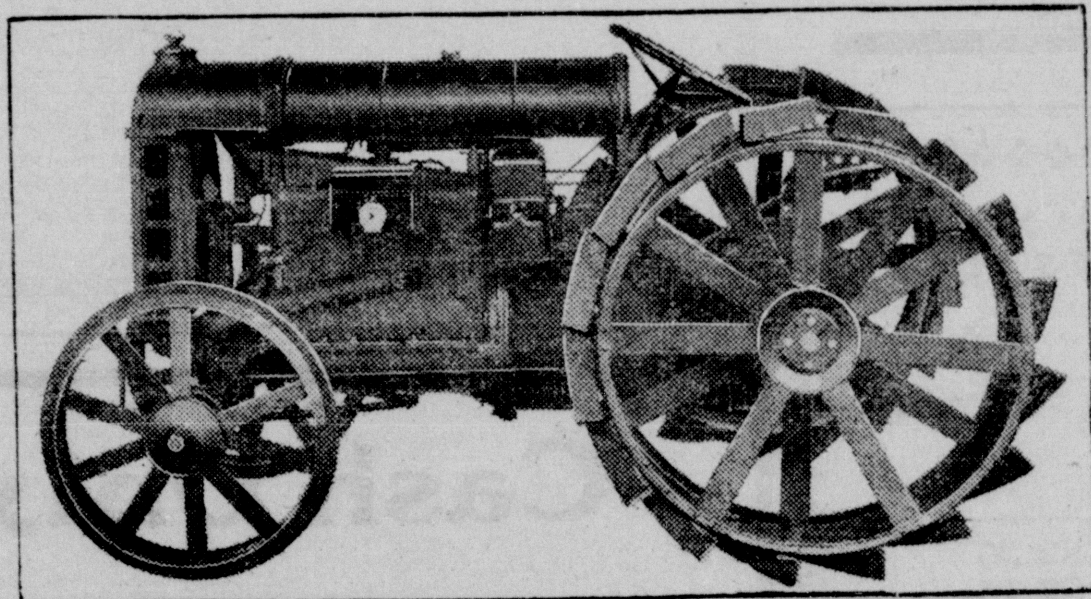

It used to be considered good business to trade a horse with the heavens for one that was sound in wind and limb. But business today is done on such a broad scale—every merchant and manufacturer has so long a list of patrons—that it would not do to have a reputation of "slipping something over."

The basis of modern business is honesty. Advertising has standardized almost every article you can buy. You know what to expect and what to pay. You don't have to bargain, and dicker and haggle to know that you are getting as good as you give.

That is why it pays to read advertisements and to buy advertised goods. A product's advertising is the best guarantee of its faithful performance and lasting usefulness or of its definite quality. If you value constant satisfaction—if you want to get your full money's worth every time, read the advertisements. In them you will find much to save you money, time and energy.

Whether you want food, clothing, furniture or a toy for the children, the advertisements can help you.

To take advantage of an advertisement is  
to get real value

## FORDSON

### What Henry Ford Says About Machine Power Farming

"In the tractor the farmer now has a machine in which is harnessed one of the most adaptable, efficient, economical sources of power in the world—the internal combustion engine.

"The tractor will multiply the productive capacity of each individual farm worker from three to four times over.

"It will put the farmer on a par with the city manufacturer. It will put his produce-producing factory—for that is what a farm is—on to an efficient production basis.

"It will enable each worker to earn so much more that he can be paid more and still leave a greater profit for the man who hires him. It will enable the farmer to work fewer hours in the day, giving him more time to enjoy life.

"I believe the tractor will make farming what it ought to be—the most pleasant, the most healthful, the most profitable business on earth."

**CHAMBERS-HEFLEY MOTOR CO.**

## We Co-operate with the Farmer

We thoroughly appreciate the changed conditions of today, the desirability and necessity of business and production expansion.

Every man owes it to himself and the public good to extend his business and producing activities to the limit of legitimate endeavor.

We welcome calls for help, financial or advisory, to this end.

As we have said before,  
"You cannot succeed  
Without helping us."

# WOODROW WILSON TO TAKE UP FIGHT FOR LEAGUE PACT

ANNOUNCEMENT SHAKES POLITICAL WASHINGTON AND STIRS WAR CHIEFS.

Something akin to a political sensation stirred Washington tonight over statements by competent democratic spokesmen that Woodrow Wilson had decided to wage active warfare against ratification of the Harding-Hughes' treaties with Germany, Austria and Hungary, now pending in the senate.

"Mr. Wilson's return from Elba," was said to have resulted from reports that democratic members of the senate were preparing to support the Harding-Hughes treaty. The former president is understood to have invited to his home a number of his closest friends and there to have rallied them once more to the banner of the League of Nations, and the "common cause with our partners in the war."

The former President's return for another battle with the Senate over international policy as related by his conferees, rested on a stout conviction that the pending instruments were "separate" treaties and constituted as such an abandonment of the nations with which the United States was associated in the war that Democrats should not support them.

The concern of the French foreign office over the proposed withdrawal of American troops from Germany—described by treaty opponents as a selfish abandonment of the Allies—is greeted as a most helpful aid to the democrats. Only this afternoon the former President, accompanied by Mrs. Wilson, drove past the White House.

The car moved slowly through Executive Avenue, the former President looked very fit.

So far as could be learned, Mr. Wilson had not prepared any communication for the democratic conference in the senate to be held tomorrow morning to determine party action on the treaties. Senator Underwood of Alabama is inclined to favor the treaties because he desires specially to terminate the technical status of war, and Senator Hitchcock of Nebraska, committed himself sometime ago to their speedy ratification.

However, Senator John Sharpe Williams of Mississippi, made formal announcement in the Senate that he would not vote for the ratification of the treaty. He joined the militant group led by his young colleague, Senator Pat Harrison. It remains to be seen whether the conservatives led by Underwood will force a fight within the party over the treaties.

Mr. Wilson's intervention complicated things badly in the senate fight. Senators "Jim" Reed of Missouri, and "Tom" Watson of Georgia, democrats, are opposed to the Harding-Hughes covenants because they believe them a back-door entrance to the league of Nations. Now, the Wilson democrats are against the treaties because they are "an abandonment of the allies."

On the republican side, Senator Borah, proclaims with great ability the fears of Reed and Watson, while Hiram Johnson and others of the famous battalion of death go along with the administration which contends through Senator Lodge that the treaty foes are running from shadows.

Position Taken By Lodge.

Senator Lodge took the senate floor again to deny rumors that the Republican administration was embracing any ghosts of Mr. Wilson's international policies in the pending treaties.

Mr. Lodge responded to the challenge that American participation in the decisions of the reparations commission was but a step toward involvement in the treaty of Versailles and the League of Nations.

The majority leader denied charges

the republican party having refused to follow Mr. Wilson through the front door at Geneva, was trying to sneak in through a side entrance.

Mr. Lodge pointed out that without any treaty, the President could name a personal observer on any international body or could, through an act of congress, create the office of reparations commissioner under the reservation proposed by the Foreign Relations committee, he said the treaty conferred not one iota of supplement power.

Senator Borah indulged in a sharp attack on the pending treaty with Germany. He declared it meant inevitable enbrolment in the treaty of Versailles.

"I think," Mr. Borah said, "through the League, Mr. Wilson hoped to ameliorate its conditions and humanize the terms of the Versailles treaty. So, standing alone, the Versailles treaty is to me more objectionable because of the principle of force which runs through it, the policy in which it is founded and the theory on which it is built.

"We have called a conference to consider the question of disarmament. It is my opinion disarmament by land is an impossibility so long as the treaty of Versailles continues in existence. With the League of Nations eliminated from it, it stands there as a complete militaristic document making it impossible to disarm Europe until the treaty of Versailles shall have been executed. The moment you stack any arms the treaty is as dead as Julius Caesar. Until that treaty shall have been executed and the countless subject peoples who are under it shall have been reduced to subjection—peonage if you please—and have accepted their fate, you will have no disarmament in Europe. The League of Nations itself instead of becoming as was hoped by Mr. Wilson, an instrumentality of peace, has been reduced to an instrument to execute the sinister mandate of the military instrument itself."

## SORES ON CHILDREN

No mother wants her children covered with sores or the itch. It is embarrassing to the parents and children as other parents do not care for their children to associate with yours. BLUE STAR REMEDY dries up the sores like magic and if used properly will prevent children from having skin diseases. Also will not stain or ruin their clothes.

For Sale at All Drug Stores.

## BURGLARS VISIT THORNDALE: TWO STORES ARE LOSERS

(Thorndale Champion.)  
Burglars again invaded the quietude of Thorndale some time during last night, breaking into the Thorndale Mercantile Company's store by battering in the rear door, and also entering the bottling works office of J. J. Elliott by removing a window pane.

The Mercantile Company had not made a complete check of their loss at the time of going to press, but it is known that two pairs of shoes, three suits of clothing, several silk shirts, ties and socks and considerable jewelry was taken. No money had been left in the cash register in the store, but the office files were rifled.

Mr. Elliott reports the loss of \$2.35 from a cash register in his office. Nothing else was missing according to Mr. Elliott who stated that entrance to his office was effected by

removing a window pane in the bottling works.

Officers immediately set to work upon the case and a suit case, recognized as one belonging to the Mercantile company, filled with silk shirts and other wearing apparel was found along the railway track where it had evidently been dropped by one of the party of burglars in attempting to catch an outbound train in the western edge of the city.

From appearances there were two or more in the party of robbers.

Money back without question if HUNT'S GUARANTEED SKIN DISEASE REMEDIES (Hunt's Salve and Soap), fail in the treatment of Itch, Eczema, Ringworm, Tetter or other itching skin diseases. Try this treatment at our risk.

P. H. MEDSKER

It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbe which is the cause of the eruption, thus curing the disease completely.

Littell's Liquid Sulphur Compound is used in all cases of Eczema, Tetter, Barber's Itch, Psoriasis, Herpes, Rash, Oak and Ivy Poisoning, also for relieving the annoyance caused by chiggers and mosquito bites.

In the treatment of ECZEMA—the most painful and obstinate of all skin diseases—it is one of the most successful remedies known.

Just arrived, Fernell strawberry preserves. Giles L. Avriett.

Miss Grace McMurphy is home again

ALICE POSTAL THIEF  
COMMITTS SUICIDEJESUS GALVIN WOUNDED BY  
OFFICERS, SENDS BULLET  
THROUGH TEMPLE.

Alice, Texas, Oct. 1.—The body of Jesus Galvan, who has been charged with theft of \$3,000 from the Alice postoffice, was found today lying in a lagoon of water, some distance from the place where the officers had previously shot at him. There was a bullet hole in his right temple, and a pistol lying near his shoulder, evidence that death had been self-inflicted. On the body \$1,020.81 was found; this with the sum previously found making but \$119.19 missing. The body was taken to Premont to hold the inquest. Galvan had been shot in the right arm, tearing out a large piece of flesh, and it was with his right hand that the young man had evidently fired the fatal shot. He was about 23 years old.

When the customs officers and postal inspector began investigating they found evidence pointing strongly toward someone in the Alice office, but were unable to make any assertion as to who was suspected. Until Galvan, who has been a clerk in the office for two years, failed to report for duty Thursday morning.

Upon inquiry, it was discovered that Galvan had spent Wednesday night in San Diego and had been drinking rather heavily, and had, upon returning to Alice, hired a Mexican, who drove a service car, to drive him to Premont, a small town about 28 miles south of Alice.

When the service car driver returned to town, he was picked up by officers and questioned. At first he said that Galvan had given him \$20 to drive him to Premont, afterwards, however, he admitted that Galvan had given him \$330 to return to Alice and purchase a faster car, and meet him along the Premont road.

The officers, of course, were there to meet the suspected man, but when he saw them, he started to run, and when the car, with the officers, got within about 40 yards of him, just as

with her sister Mrs. Hargrove on the Sid Hause place.

White Star brand white tuna fish—the chicken of the sea. Giles L. Avriett.

John Harrison of Milano spent Sunday with Mrs. E. P. Garner, his wife's mother.

Philip Braden of Cameron was out to see his brother.

Mrs. C. W. Batey, Jr., came in from a visit to her sister Mrs. Sterling Childers.

Try a can of Delicia Brand Sandwich spread. Giles L. Avriett.

Miss Minnie May Foster was married Saturday evening to Garfield Humble of Dallas. They started on the next train for his home there. Miss Minnie May is one of our late teachers and is well known in Cameron.

Mr. and Mrs. Ike Reynolds of Cameron was out to spend the day with their daughter Mrs. Braden.

There were several men out from Cameron hunting and trying to buy pecans. Cant say whether they got any or not.

Brassieres in heavy brocaded silk, especially suited to the stout figure are to be found at the Specialty Shop.

Ray Thompson took another chill Sunday evening.

Little Elmore O'Neal had a very high fever Sunday and her parents were very uneasy.

There were several who went to Cameron to attend the first Monday gathering and trade horses.

he was passing over a bridge, he jumped, at the same time dropping a bundle of clothing. The officers warned him to stop, and when he failed to do so, they fired four shots at the fleeing man. The man fell, but got up and escaped in the brush and darkness.

When the bundle of clothing that was dropped by the suspected man was picked up, it was found to contain \$1,500, this amount added to the \$30 found in the possession of the service car driver, made \$1,830 recovered up to that time.

Harry C. Word, Alice postmaster, was greatly surprised when evidence of Galvan's guilt was presented to him as he had always seemed trustworthy. Galvan's parents live on the Richard King Ranch, near Agua Dulce. They came in to Alice as soon as heard of the affair. The young man is not married.

FARM BARGAIN—100 acres of choice improved black waxie land on pike road, 95 acres in cultivation, 5 miles southeast of Rosebud, 6 room painted house, good barns. Will trade for smaller farm. See William R. L. Rogers, Cameron, Texas.

SULLIVAN'S PURSE  
FOUND IN RIVER

(Rockdale Reporter.)  
E. A. Green brought to The Reporter office yesterday the purse or pocket book which H. C. Sullivan carried on his person the night he was drowned in the big flood. The purse contained a sum of money, in silver and bills, three checks made payable to the B. P. Turner Gin Co., never cashed, and a number of other identifying receipts and papers.

Mr. Green says he found the purse in the channel of the river, near the spot where the Turner house stood and near where Sullivan's body was found. It had settled on a little knoll in the river bed, was covered with about two inches of water and the knoll surrounded by water two feet deep. It is Mr. Green's theory that the purse fell out of Sullivan's pocket after his body fell into the river channel, and the amount of silver therein contained served as a weight that kept it from being swept away.

# Yoe-Hi News

[By LEE R. TAG]

## High School Orchestra Started.

Last Thursday morning at recess all of the pupils interested in the formation of a high school orchestra met in room 25. Mr. Parsons then took their names and gave them to Mr. Medsker, the director. This marks a new thing for the school in that it will help the school in many ways. Yoe-Hi has much talent and it can be put to use. Many of the high school students are playing in the band and are making a success. Mr. Medsker, director of the band and of the orchestra is a musician of great ability and it is a privilege to the school to have him direct this organization. The orchestra will play for all school entertainments and for chapel exercises. Mr. Medsker hopes for great things.

The following is the personnel of the newly organized high school orchestra: Paul H. Medsker, director, Mrs. R. P. Jeter, piano, A. Robinet, Saxophone, Olive Henderson, Violin, Lillie Kate Beckerman, violin, Billie Clark, violin, Harleigh McGregor, violin, Eugene Green, violin, Pauline Green, violin, Ray Mayfield, Melophone, Philip Reid, Melophone, Emory Gunt, cornet, Richard Vest, cornet, Robt. Mayfield, cornet, Rosalie Baskin, cornet, Jack Hearrell, clarinet, Glenn Glinn, clarinet, Albert Triggs, clarinet, Franklin Dusek, trombone, Jake Posey, trombone, Walter Henrichsen, traps. With this body of talented musicians there is no reason why this orchestra will not be the best in the state. Mr. Medsker hopes that it will develop into a high class organization real soon.

## Freshmen and Seventh Grade Meet on Gridiron.

Last Friday afternoon the freshman team and the seventh grade team had a hotly contested game of football on the Morrison lot adjoining the high school. For the first part of the game it looked as if there would not be scoring on either side but the plucky grammar school aggregation turned the game into victory by making a touchdown in the last minutes of play.

Mr. Spiller opened his little store adjoining the school grounds and did a thriving business the first day. The water shortage was a godsend to him for he sold many bottles of soda water. Sandwiches were also in demand.

The football boys are proud of their new suits and paraphanelia and it is hoped that the boys will do it justice.

The English department of Yoe High school has begun a column in the newspapers of Cameron which is to bear the following heading: "Through the eyes of the English Department of the Yoe High School."

Each week there is to be an article by some member of the student body concerning the affairs of the town. These articles are to be of general interest and it will do the average citizen good to read them. Not only does the department wish that the articles may be read but that they may instill a spirit of co-operation in the hearts of the people. Look for this department every week for it will be of much help.

## Chapel Exercises.

Yesterday morning the regular chapel exercises were carried out. When the students marched in the newly organized high school orchestra played a march which was met by fifteen "Raahs" from the Senior Class. Mr. Parson then made a few announcements and then the orchestra gave a much appreciated concert. They were applauded many times and an encore was played commented on this splendid organization time. Mr. Medsker is to be complimented of musicians of the high school and furthermore the pupils that compose this orchestra are to be praised for their interest in this work. The school expects more of them in the future.

## Grammar School-Fish Football Game

Last Thursday, Sept. 29 the football teams of the Grammar school and the Freshmen met on the Morrison lot adjoining the Yoe High school building. The fight was hard and all members of the teams had a chance to show their ability. The final score was 12-6 in favor of the Freshmen. There have been several games between these teams and the result has been different every time and it is hoped that the two teams will play more games in the near future which is a possibility. In the first game the Freshmen won by a score of 18-6 and the second game was won by the grammar school aggregation by a score of 6-0.

## Carrie Yoe Club Social

Last Wednesday afternoon the Carrie Yoe Club met in regular session. The meeting was turned into a social and a very interesting program was rendered. Mr. Kidd made a talk to the girls and mentioned the fact that they might help the library some. The club decided that they would raise at least one hundred dollars for this purpose. Ruth Kemp gave a reading which was followed by a song from Velma Newton. Clyde Baskin then gave a reading and at the conclusion ice cream was served to fifty three girls that were present.

## Athletics Progressing.

The football team under the leadership of Captain Stevens and Coach Jones has made much progress in the last two weeks and it is hoped the team will be in condition to beat Belton next Friday at Midway.

Last Friday the team met Lott on the home lot and won.

Quite a bit of equipment has been

end. He displayed splendid judgment and many times the yell leader for Cameron signaled for the yell to be given for "Runt" and they were given with a will and a vim. He was the smallest man on the field and it is a wonder that he was not knocked out. But he wasn't and he was the hero of the game. "Shorty" Baggett, the fast and steady half back of Cameron was unequalled in his end runs. McCall was also good on this. When it came to center rushes Bigbee was there with the stuff and no Lott man tackled him without praying first. Ireland the rangy center for Cameron was always alert and never was he responsible for a fumble. He knew the signals and always did his part. Watson Burke and Joynes, the all star ends of Cameron came out with honors galore. Agee, Taylor, Green, McWilliams, McLane, Baskin, Mayfield, Flinn, Willis, Harvey and Yates did their part and came out with many honors. Porter Stevens the captain of this year's squad was not able to play on account of an injured shoulder. He could be seen on the side lines wishing that he could be in there and have the fun all around him.

The speed and nerve of Baggett was responsible for two touchdowns while Bigbee made one, McGregor made one, Willis made one and McCall made one. One goal was kicked making the score 31-0 in Cameron's favor.

The game was played on the old baseball park in Cameron.

Rub-My-Tism is a great pain killer. Relieves pain and soreness, rheumatism, neuralgia, sprains. adv 1m

## Is Chiropractic a "Faith Cure"

The only faith required of the patient who seeks health via Chiropractic is faith enough to come to a Chiropractor's office or call him to their home, and give him a chance. After you get in the office be as pessimistic as you like; you cant stop the processes of nature after the Chiropractor sets them in motion.

Chiropractic is based on a purely mechanical principle. We know that every organ, muscle and atom of tissue must have a share of the mental impulse that is distributed through the nervous system. The spinal column is the main line. The 31 trunks emerging through openings between the spinal bones each divide up into about two million branches. When one of these nerve trunks is pinched between misplaced spinal bones some part of the body is sure to suffer. The adjustment puts the bone back into place and relieves the pressure, and nature then makes you well. That is the sum and substance of Chiropractic philosophy and no element of faith enters into it.

We have used the term "faith cure" because this is the best way to express the idea but let us state emphatically that Chiropractic is NOT A CURE OF ANY KIND. Adjustments are merely a means to an end. Chiropractic does not cure. It only removes the cause. Nature is the only thing that has ever cured or ever will. All methods by which people get well are AIDS TO NATURE.
